

## ( BODY RESCUE )

# CELLULITE

## Remodelling intensive cream

An intense cellulite cosmetic treatment designed to stimulate blood circulation and aid a soft drainage. The innovative combination of the active ingredients helps in the elimination of fat, toxins and water from the area.

### PROBLEM

Adipose Cellulite

### EFFECT

Slimming  
Fat burning  
Lipolytic  
Cm loss

### ACTIVE INGREDIENTS

**Rhodysterol (Diethylhexanoate, Gelidium Cartilagineum Extract)** - (Obtained from red seaweeds) completely natural and clinically tested ingredient able to accelerate blood circulation and stimulate the lipolysis activity. Prevents formation of new fat cells.

**Sculptosane (Butylene Glycol, Plankton Extract, Arginine Ferulate)** - Product of marine bio-technology, originated from a micro seaweed able to reduce adipose tissue expansion, stimulate cellular energy.

### INFO

Apply a small amount of cream to the area to be treated. Massage the area until the product is completely absorbed.

PACKAGING: 200 ml

**Caffeine** - The most efficient active in body cosmetics because of its lipolytic action. Indeed, it is able to promote the degradation of tryglicerides in the adipocytes by reducing their volume and prevent absorption of carbohydrates.

**L-carnitine** - Is a natural amino acid with important role in fat breakdown and moisturizing effects. Even small amounts are able to deeply hydrate the skin, leaving it soft, smooth and moisturized.

For external use only. Avoid contact with mucous membranes.

Do not continue use in the event of irritation. Not suitable for children's skin.
