

Intensive Color Chart

DEEP BLACK

DEEP BLACK

A rich black color for a bold, defined look. Perfect for eyelash tinting.

BLUE BLACK

BLUE BLACK

Intense black with cool, blue undertones that provide a "blacker than black" appearance with added depth and shine.

BROWN

BROWN

A deep, rich brown that provides a strong definition without the intensity of black.

MIDDLE BROWN

MIDDLE BROWN

A natural, soft brown best suited for client's with medium to dark brown hair. Can be blended with Middle Blond for a softer effect or Brown for more depth.

MIDDLE BLOND

MIDDLE BLOND

Best for those with naturally blonde or light brown hair who want a subtle enhancement without the intensity of brown tones.

GRAPHITE

GRAPHITE

A unique, non-traditional shade that leans toward a warm, reddish-brown hue rather than the expected cool gray. This versatile color adds warmth and depth to brows and lashes, making it a great choice for enhancing auburn, warm brunette, and red tones.

NATURAL

NATURAL

A neutral brown shade that is a great choice for those with lighter hair colors or sparse brows who want a natural fill-in effect without looking too bold.

ASH GREY

ASH GREY

A cool-toned shade designed to create soft, natural definition without warmth. This shade is typically used for clients with naturally gray or silver hair.
