

RefectoCil® Eyelash Lift Kit Classic

36 applications

For a curled lifting effect for up to 6 weeks.

The RefectoCil® Eyelash Lift Kit Classic provides a naturally curled lifting effect that opens the eyes and makes the lashes appear longer and fuller. The gentle keratin-infused formula is suitable even for fine or sensitive lashes.

Compared to the RefectoCil® Eyelash Lift Kit Ultra, which provides an intense straight up lifting effect, the RefectoCil® Eyelash Lift Kit Classic gives the lashes a natural curl. The kit stands out for its shorter treatment time, as the formulation of

the Brow & Lash Perm and Neutralizer requires a reduced processing time.

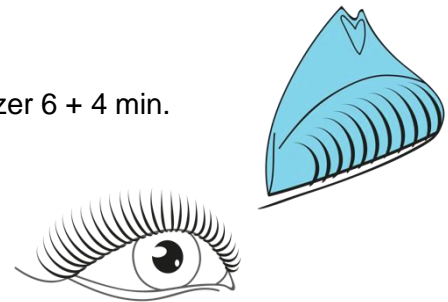

The Classic eyelash glue allows for easy and flexible application as it dries more slowly. For an even more intense look, the lashes can be directly tinted on the Lifting Pads after the lifting treatment.

Tip: Both Classic and Ultra Glue can also be used in combination and with any RefectoCil® Lifting Pads.

- Curled lifting effect
- Classic Glue - dries slowly and ensures flexible application
- Reduced application time: Brow & Lash Perm and Neutralizer 6 + 4 min.

Content:

2x Brow & Lash Perm à 3,5 ml
2x Neutralizer à 3,5 ml
1x Brow & Lash Styling Glue
1x Eyelash Lifter
2x Brushes
2x Application Dishes
à 2 Lash Lift Pads Classic XS, S, M, L

Application:

- Remove contact lenses if present. Clean the eye area with micellar make-up remover and saline solution. Pat dry. Brush eyelashes lightly.
- Select lifting pad according to desired effect and lash length.
- Apply eyelash glue to the back of the pad - allow to dry briefly. Attach to the eyelid.
- Apply lash glue to the front of the pad and fix the lashes in place.
- Apply Brow & Lash Perm– 6 min.
- Apply Neutralizer – 4 min.
- Optional: Tint lashes directly on the pads - 2 min.
- Remove colour and pads with damp cotton pad.
