

RefectoCil® Eyelash Lift Kit Ultra

36 applications

For strong straight up lifted lashes for up to 6 weeks.

The RefectoCil® Eyelash Lift Kit Ultra lifts the lashes intensely and gives a fanned-out look that enhances their appearance even more. As a result, lashes appear longer and thicker. The gentle keratin-infused formula is suitable even for fine or sensitive lashes.

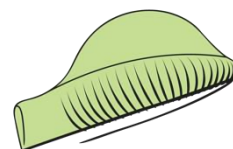

Compared to the RefectoCil® Eyelash Lift Kit Classic, which gives the lashes a natural curl, the RefectoCil® Eyelash Lift Kit Ultra lifts the lashes significantly straight up. The kit stands

out for its shorter treatment time, as the formulation of the Brow & Lash Perm and Neutralizer requires a reduced processing time.

NEW: RefectoCil® Ultra Glue – its innovative formula dries faster than traditional lash adhesives. Together with self-adhesive Lifting Pads that seamlessly adapt to the eyelids, the Ultra Kit offers an even more efficient application. For a more intense look, lashes can be tinted directly on the Lifting Pads immediately after the lifting treatment.

Tip: Both Classic and Ultra Glue can also be used in combination and with any RefectoCil® Lifting Pads.

- Special shaped lifting pads for a fanned-out look
- Self-adhesive Lifting Pads
- Ultra Glue – quick drying formula
- Reduced application time: Brow & Lash Perm and Neutralizer 6 + 4 min.

Content:

2x Brow & Lash Perm à 3,5 ml
2x Neutralizer à 3,5 ml
1x Brow & Lash Styling Glue Ultra
1x Eyelash Lifter
2x Brushes
2x Application Dishes
à 2 Lash Lift Pads Ultra S, M, L, XL

Application:

- Remove contact lenses if present. Clean the eye area with micellar make-up remover and saline solution. Pat dry. Brush eyelashes lightly.
- Select the Lifting Pad according to the desired effect and lash length and apply it to the eyelid without any glue.
- Apply lash glue to the front of the pad and fix the lashes in place.
- Apply Brow & Lash Perm– 6 min
- Apply Neutralizer – 4 min
- Optional: Tint lashes directly on the pads - 2 min.
- Remove colour and pads with damp cotton pad.
