eco-friendly paraffin alternative

for hand, foot, & body

No paraffin, petroleum derivatives,
synthetic fragrances, or dyes

3 easy steps

warm

HANDS AND FEET

- Drop Eco-fin cube(s) into the liner and washable sleeve.
- Use 1 cube for foot treatments, half a cube for hand services.
- Roll sleeve and liner, then place in towel warmer.

BODY SERVICE

- Place 5-6 cubes in rubber bowl and warm in a towel warmer.
- Alternatively, put 5-6 cubes in an 8 oz. massage bottle and warm the bottle in a lotion warmer or towel warmer for easy application.

apply

HANDS AND FEET

- Slip client's hands or feet into the liners, massaging warm Eco-fin into the skin.
- Place hands or feet into pre-warmed Herbal Eco-fin Mitts or Booties, or electric mitts or booties.

BODY SERVICE

- Use a natural bristle brush for application from rubber bowl, or remove bottle from warmer and massage Eco-fin into the skin.
- Use Eco-fin in a luxurious body wrap for skin hydration.

finish

HANDS AND FEET

- Remove liner from hands or feet and massage remaining Eco-fin into the skin.
- End with a spritz of Eco-fin Finishing Spray.
- Buff with a soft towel to remove excess product.

BODY SERVICE

- Leave Eco-fin on the body and allow it to deeply moisturize skin.
