

**Product Name**

Mancine® Brazilian Rose Strip Wax

**Benefits**

- ◆ Spreads thinly but is strong enough to remove the toughest hair immediately without discomfort or irritation.
- ◆ Contains titanium dioxide.

**Ingredients**

Blended Pine Tree Resins, Vegetable Oils (Pharmaceutical Grade), Titanium Dioxide, Solvent Red D&C 17.

**Procedure**

1. Prior to waxing, disinfect with Mancine® Pre Wax.
  2. Using a spatula held at a 45° angle to the body, spread wax as thinly as possible in the direction of hair growth.
  3. Place a strip of muslin on the waxed area and rub firmly against the direction of hair growth.
  4. Holding the skin taut, quickly pull the muslin against the hair growth.
  5. Any remaining wax can be easily removed from the skin with Mancine® Ultimate Finish.
  6. Close pores by applying toweling dipped in ice water (and wrung out) to the treated area.
  7. Finally, apply a soothing cream, gel, or lotion.
