

Product Name

Mancine® Honey Comb Wax Tin

Benefits

- ◆ Odorless
- ◆ Economical
- ◆ Superior grip

Ingredients

Blended Pine Tree Resins, Vegetable Oils (Pharmaceutical Grade) Chamomile Extract, Solvent Yellow 93.

Procedure

1. This wax may be heated by removing the lid and placing the tin into a wax warming pot and slowly heating until the wax has the consistency of thin honey.
 2. Prior to waxing, disinfect with Mancine® Pre Wax.
 3. Using a spatula held at a 45° angle to the body, spread wax as thinly as possible in the direction of hair growth.
 4. Place a strip of muslin on the waxed area and rub firmly against the direction of hair growth.
 5. Holding the skin taut, quickly pull the muslin against the hair growth.
 6. Any remaining wax can be easily removed from the skin with Mancine® Ultimate Finish.
 7. Close pores by applying toweling dipped in ice water (and wrung out) to the treated area.
 8. Finally, apply a soothing cream, gel, or lotion.
