Gehwol® Foot Cream Extra

A foot cream with broad-spectrum efficacy. Natural eucalyptus, rosemary, and thyme essential oils help invigorate the feet and make them fit. They help warm the feet and protect them from cold and damp. Gehwol Extra cares for and strengthens overstrained feet. It also deodorizes and disinfects the feet. It helps protect against itching, sore feet, infections, foot odor, calluses, sores, and blisters. It helps makes dry, rough skin smooth.

Benefits

- ♦ Helps invigorate the feet and make them fit.
- Helps warm the feet and protect them from cold and damp.
- ♦ Helps deodorize the feet.
- Helps prevent itching feet, foot odor, and calluses.
- ♦ Helps make dry, cracked skin supple.
