
Gehwol® Fusskraft Blue

Gehwol Fusskraft Blue is designed for dry rough skin. Moisturizing and naturally fresh, it contains effective ingredients that help prevent foot odor as well as infections and itching between the toes. Lanolin combines with moisturizing aloe vera and urea to provide essential care for dry rough skin on the feet, helping to restore its elasticity, suppleness, and smoothness. Natural essential oils of rosemary, mountain pine, lavender, and climbazole as well as camphor and cooling menthol help relieve sore aching feet immediately, strengthening and revitalizing the feet. It is dermatologically tested and is suitable for diabetes.

Benefits

- ◆ Lipids help replenish the necessary fat content of the skin.
- ◆ Components of the natural skin moisture factor (NMF) such as glycerin and urea, plus additional aloe vera help bind moisture and have a lasting effect on the elasticity and appearance of dry skin.
- ◆ Rosemary essential oil and camphor help promote blood flow.
- ◆ Menthol and mountain pine essential oil help refresh the skin.
- ◆ Farnesol helps deodorize.
- ◆ Climbazole in the preparation helps protect against fungal infections of the feet and nails.

Ingredients

Water (Aqua), Glycol Stearate SE, Aloe Barbadensis Gel, Isopropyl Palmitate, Lanolin, Glycerin, Urea, Rosemary (Rosmarinus Officinalis) Oil, Pine (Pinus) Oil, Lavender (Lavandula Angustifolia) Oil, Lavandin (Lavandula Hybrida) Oil, Camphor, Menthol, Eucalyptus (Eucalyptus Globulus) Oil, Farnesol, Fragrance (Parfum), Climbazole, Ethylparaben, Imidazolidinyl Urea, Geraniol, Butylphenyl Methylpropional, Hydroxycitronellal, Limonene, Linalool.

Active Ingredients

Aloe Gel	Helps bind moisture. Good for dry skin. Helps improve elasticity.
Camphor	Helps promote circulation and metabolism
Climbazol	Helps protect against fungal infections of the feet and nails.
Eucalyptus Globulus Essential Oil	Increases activity. Antiseptic, helps promote wound healing.
Farnesol	Helps deodorize.
Glycerin	Humectant – can draw and absorb water from the air. Helps the skin retain moisture.
Isopropyl Palmitate	An emollient and moisturizer that is derived from coconut oil.
Lanolin	Similar to dermafat. Has excellent cleansing properties. Contains provitamin D.
Lavandin Essential Oil	Antibacterial. Helps promote healing.
Lavender Essential Oil	Has a soothing effect. Helps promote healing and provides comfort. Disinfecting.

Menthol	Component of peppermint oil. Has a cooling, refreshing, deodorizing, antipruritic, and bactericidal effect.
Pine Essential Oil	Revitalizing and refreshing. Has a disinfecting and deodorizing effect.
Rosemary Essential Oil	Bactericidal, revitalizing, increases well-being. Helps activate and promote circulation.
Urea	Has a bactericidal, antipruritic effect. Helps smooth calluses and regulate the balance of the skin. Produced naturally by the body.

Procedure

1. Massage the cream into the feet once or twice a day to treat dry feet.
