Sulfur Calming Mask

Product Description:

Creamy, comforting therapy absorbs excess oil, helps reduce enlarged pores and offers cool relief for tender, hurting skin.

Skin Conditions:

For all skin types with inflamed skin that needs a calming interlude or a daily spot treatment.

Sizes Available
2oz, 8oz

Benefits:

- Helps reduce inflammation, over-active sebaceous activity and congestion
- Soothes, nourishes and heals the skin
- Absorbs oils and calm the skin
- Helps decongest the pores

Usage: Apply a thin coat with fingers to the entire affected area. Leave on 5 to 10 minutes, and then remove with a wet towel and/or sponges. May be used daily to spot treat congested areas.

Treatment Room: Beta Clear Facial, O2 Clear Facial

Featured Actives:

Sulfur 10% - Reduces the inflammation associated with acne as it dissolves the skin's surface layer of dead cells. It also increases the potency of benzoyl peroxide and is excellent for resistant acneic cases.

Zinc Oxide - This technologically advanced patented formula of zinc oxide blocks both UVA and UVB rays. It provides the broadest spectrum protection of any single sunscreen ingredient. Microfine zinc oxide is an inorganic sunblock, also known as a "non-chemical" sunblock ingredient. It is not absorbed into the skin and is recognized as a treatment for calming irritated skin.

Titanium Dioxide - When Titanium Dioxide is applied to the skin it scatters UV light thereby offering the skin UV protection. This non-chemical SPF ingredient reduces the risk of allergic reaction often attributed to using chemical sunscreen ingredients.

Eucalyptus - Eucalyptus oil has long been considered beneficial for its disinfectant properties and antiseptic action.

Kaolin (China Clay) - This soft powder clay is a mixture of various aluminum silicates. It provides excellent coverage and has good absorption abilities for the oil and sweat secreted by the skin. It is easily removed by normal cleansing procedures and is considered a non-comedogenic ingredient.
