

Micronized Algae Powder

Micronized Algae Powder contains a perfect blend of the ocean's most nourishing and beneficial elements. Rich in essential trace elements, minerals, and antioxidants, it is micronized for faster, more complete absorption.

Description: Rich olive green in color and derived from Laminaria digitata. Used to encourage collagen renewal, shields away free radicals, and brings cellular balance skin.

Active Ingredient: Ascophyllum nodosum.

1. **Application: Body Wraps:** Mix 4 tablespoons with warm water or Algae Oil Complex to a light paste, and apply by hand or with a brush over entire body. Wrap in space blanket for 15 minutes.
2. **Thalassotherapy:** Add 3 tablespoons to hydrotherapy tub and mix well. ESS Hydrotherapy Oils may be added for an aromatic effect. Allow client to luxuriate for 20 minutes.
3. **Scalp Treatment:** Mix 2 tablespoons with warm water to a light paste and apply to scalp for 20 minutes. (Not recommended for bleached or blonde hair)
