

Sandalwood – *Santalum album*

Code: T124 **Vol:** 10ml

Country of Origin: India

About the oil

Distilled from: Steam distillation of the wood.

Aroma & appearance: Smooth, exotic, spicy-wood aroma. Pale yellow to amber in color.

Some beneficial ways of enjoying the oil:

- Sandalwood has long been used as a perfume by both men and women and is popularly used in homemade massage blends to create a sensual atmosphere. For a wonderfully mellow massage oil, blend 4 drops of Sandalwood, 2 drops of Roman Chamomile and 4 drops of Frankincense in 10ml of Sweet Almond oil.
- 2 drops each of Sandalwood, Geranium and Bergamot in an oil burner can help create a cozy atmosphere.

Sandalwood has become extremely difficult to get hold of due to Indian government controls. The oil is a by-product of the use of Sandalwood for figurines and furniture, which is very popular, especially in the Far East

Did you know?

Found as a main ingredient to incense sticks, especially in India for the temples and in religious ceremonies.
