

Green Tea Glycolic Peel

Cost Per Treatment: **\$2.41**

Time: **60 minutes (includes extractions)**

What to Charge: **\$95-\$120**

This peel combines the exfoliating power of glycolic acid and antioxidant-rich green tea to deliver revitalizing benefits to the skin quickly and efficiently. Perfect for those who are new to peels or those with aging, dull, or acne-prone skin.

What You'll Need:

- Green Tea & Glycolic Peel, pH 2.3 (4 fl. oz.) / N9105

Recommended Supplementary Products:

- PSN122 Prosana Cleansing Cream, 16 fl oz
- PSN127 Prosana Refining Mist, 8 fl oz
- N9104 Prosana Cooling Mask
- PSN129 Prosana Calming Balm, 8 oz
- PSN125 Prosana Neutralizing Solution, 8 fl oz

Skin Types & Conditions:

- Great for aging, dull, rough, or acneic skin. Also works well for inflammation, Rosacea, and redness.

Important Notes:

- **Professional use only**
- This treatment shouldn't be performed on any client:
 - Who suffers from any skin condition or serious medical condition, such as immune disease, cancer, diabetes, eczema, psoriasis, or herpes
 - Who are pregnant or lactating
 - Who have an active facial rash, cold sores, or lesions
- A patch test is recommended 24-48 hours prior to this peel procedure
- Sun protection should be used after this service
- Accutane: 1 year off
- Retin-A: Discontinue for 7-10 days prior to treatment
- Permanent Cosmetics: Wait 7 days then cover with occlusive barrier
- Immediately Post Lift or Facial Surgery: Needs doctor approval
- Rosacea: Will need to be evaluated
- Facial Waxing: Requires a 72-hour waiting period

Cost/Profit Breakdown:

Green Tea & Glycolic Peel Cost: \$65

Amount Per Bottle: 4 fl. oz.

Estimated Services Per Bottle: 27

Average Amount Used Per Service: 0.12 fl. oz. (3.5 ml)

Average Cost Per Service: \$95-120

Total Profit Per Bottle: \$2,565-3,240

What to Do:

1. **Cleanse and tone the skin thoroughly**, removing all makeup and debris. Perform a double cleanse, if necessary, and degrease with an AHA Toner. *We recommend Prosana Refining Mist.*
2. **Apply 3.5 ml of Green Tea & Glycolic Peel** evenly over the treatment area. Leave directly on skin for **5-6 minutes**, but watch for redness. A fan may be necessary to increase client comfort.
3. **Neutralize the peel** - Apply Prosana Neutralizer using glycolic applicators or esthetic wipes. Cover the client's eyes and thoroughly saturate skin until the client feels no additional sensation. Rinse neutralizer with water for 30-60 seconds using a damp esthetic wipe. *Water alone may spike and trigger acids to further process.*
4. **Perform extractions if needed** and/or use high frequency.
5. **To cool and comfort the skin**, apply a layer of Prosana Cooling Mask to the skin and allow to sit for 10 to 15 minutes before removal.
6. **Apply your preferred calming balm or serum.** *We recommend the Prosana Calming Balm.*
7. **If it's daylight**, follow with a sun protectant product.
