
Allantoin Collagen Mask

Description

Suitable for all skin types, especially aging skin, this calming cooling mask increases cellular metabolism and preserves collagen, which helps maintain elasticity and prevents premature aging of the skin. Excellent for use after any acid peel or microdermabrasion.

Skin Type: Suitable for all skin types, especially aging skin or post-treatment.

Benefits:

- ❑ Helps increase cellular metabolism and preserve collagen, which helps maintain elasticity.
- ❑ Helps prevent premature aging.

Ingredients

Purified Water, Vitamin C, Liposomes, Chamomile Extract, Calendula Extract, Marine Collagen, Hydrogenated Lecithin, Bio-PGA, Allantoin, Jojoba Oil, Aloe Barbadensis Leaf Water, D-Alpha Tocopherol Acetate (Vitamin E)

Allantoin	A botanical extract that is healing and soothing. An excellent anti-irritant (temporary) that helps heal damaged skin by stimulating new tissue growth.
Aloe Barbadensis Leaf Water	An emollient with hydrating, softening, healing, antimicrobial, and anti-inflammatory properties.
Bio-PGA	Has a moisturizing effect on the skin.
Calendula Extract	An emollient that has healing, soothing, antiseptic, anti-itching, and anti-inflammatory properties. Useful for oily and delicate skin as well as acne.
Chamomile Extract	Reduces inflammation and soothes sensitive skin.
Hydrogenated Lecithin	A natural emulsifying agent and one of the most important components of cells. Hydrogenated Lecithin (Lecithin with the addition of hydrogen) has all the good qualities of natural lecithin, yet its stability is greatly improved. Improves the homeostasis of the skin.
Jojoba Oil	A moisturizer and emollient. It reduces transepidermal water loss without completely blocking the transportation of water vapor and gases, providing the skin with suppleness and softness.
Liposomes	Small, double layered, hollow, spherical phospholipid membrane vesicles that can encapsulate water-soluble and oil-soluble substances. They can be accepted through cell membranes and metabolized by the skin. This allows them to deliver “actives” to

	the skin that could not be readily accepted otherwise.
Marine Collagen	Derived from the substance found on fish scales. Helps diminish the signs of aging and decrease the negative effects of toxins.
Purified Water	Water that is mechanically filtered or processed so that it clean and free of any contaminants.
Vitamin C	A well known antioxidant that is popular in anti-aging products. Its synergistic effect with vitamin E is excellent. As vitamin E reacts with a free radical, it is damaged. Vitamin C repairs the free-radical damage in vitamin E allowing it to continue scavenging free radicals.
Vitamin E	An important oil-soluble antioxidant and free-radical scavenger when applied topically. It is also has photoprotectant capabilities and helps protect the cellular membrane from free-radical damage. It also serves a preservative function due to its ability to protect against oxidation.

Usage Instructions

1. Unfold the mask and apply it on your client’s thoroughly cleansed face.
2. Leave on for 15 to 20 minutes.
3. Remove the mask and discard.
4. Finish with a toner and moisturizer appropriate for your client’s skin type.
