

Jessner Peel

Cost Per Treatment: **\$3.22**

Time: **45 minutes**

What to Charge: **\$250**

This peel offers the power of 3 skin-loving acids that work together to cleanse and deeply exfoliate the skin's surface. It's perfect for diminishing the appearance of wrinkles, hyperpigmentation, and acne—all while slowing down excess oil production. Perfect for oily and aging skin types.

What You'll Need:

- Jessner Peel, pH 1.7 (4 fl. oz.) / N9106

Recommended Supplementary Products:

- PSN122 Prosana Cleansing Cream, 16 fl oz
- PSN127 Prosana Refining Mist, 8 fl oz
- Petroleum Jelly

Skin Types & Conditions:

- Great for acneic, oily, and aging skin types. Also works well for hyperpigmentation and scarring.

Important Notes:

- **Professional use only**
- This treatment shouldn't be performed on any client:
 - Who suffers from any skin condition or serious medical condition, such as immune disease, cancer, diabetes, eczema, psoriasis, or herpes
 - Who are allergic to aspirin
 - Who are pregnant or lactating
 - Who have an active facial rash, cold sores, or lesions
- A patch test is recommended 24-48 hours prior to this peel procedure
- Sun protection should be used after this service
- Accutane: 1 year off
- Retin-A: Discontinue for 7-10 days prior to treatment
- Permanent Cosmetics: Wait 7 days then cover with occlusive barrier
- Immediately Post Lift or Facial Surgery: Needs doctor approval
- Rosacea: Will need to be evaluated
- Facial Waxing: Requires a 72-hour waiting period

Cost/Profit Breakdown:

Jessner Peel Cost: \$145

Amount Per Bottle: 4 fl. oz.

Estimated Services Per Bottle: 45

Average Amount Used Per Service: 0.09 fl. oz. (3 ml)

Average Cost Per Service: \$250

Total Profit Per Bottle: \$11,250

What to Do:

1. **Cleanse and tone the skin thoroughly**, removing all makeup and debris. Perform a double cleanse, if necessary, and degrease with an AHA Toner. *We recommend Prosana Refining Mist.*
2. **Apply petroleum jelly** to the area under the lash line, around the nostrils, the vermillion border of the lips, and the corners of the mouth.
3. **Apply the Jessner Peel in 4-6 thin layers** (depending on Fitzpatrick skin type), beginning at the forehead and working down to the jaw line in short, even strokes. Avoid the eyes, nose, and mouth. Allow the first layer to dry completely before applying additional layers. *"Frosting" will be visible, and a fan is recommended for client comfort.*
4. **This peel is self-neutralizing** when used alone. Once applied to the affected areas, it cannot be neutralized.
5. **To cool the skin**, rinse the treated area with a gentle cream cleanser (we recommend Prosana Cleansing Cream). Gently massage any residual hot spots. *Water alone may spike and trigger acids to further process.*
6. **Instruct the client to protect their skin** from any and all sun exposure on their way home.

Aftercare:

7. **Do not wash the face for 24 hours** following treatment.
8. **Resume normal skincare regimen the next morning**, especially with **daily sunscreen application**.
9. **Peeling may last up to 5-6 days** depending on skin type and number of layers applied.
10. **Schedule a follow-up** for a **gentle enzyme facial 7 days after** the peel.
