

SPARITUAL

SpaRitual Nail Tip Clear Color Palette

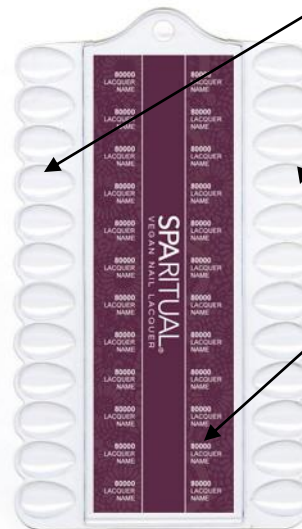

SpaRitual has created an easy way for you to allow your customers to “try on” your most popular SpaRitual Lacquer shades. SpaRitual introduces a customizable Nail Tip Palette. The Nail Tip Color Palette comes blank and has a spot for 24 shades to be painted on the palette. Here’s how it works:

- Place order for desired quantity of Nail Tip Palettes to your Customer Care representative.
- You will receive a blank ‘label’ template in MS Word via email to customize it to fit your needs:
 - Add in the names (and item numbers – optional) that you wish to showcase on your nail tip palette
 - Print out the label and apply it to the nail tip palette.
 - Paint each nail tip palette with the SpaRitual shade that corresponds to the name and item number on the label
 - For best results, apply 2 coats of lacquer on the underside of the Clear Nail Tip.
- Attach the Nail Tip Palette to your SpaRitual Lacquer display by a ball chain or cord so that customers may ‘try’ any SpaRitual lacquer shade on their nails before they purchase the shade or receive their manicure service.
- Please follow our label guidelines to create your own custom label with logo.

Nail Tip Clear Color Palette

With Label applied:

Paint each nail palette a different color. Use 2 coats of nail lacquer.

Label will have a place to add in the lacquer name and number.
