*RSPO certified sustainable

**Certified organic

***100% natural fragrance from a proprietary blend of essential oils and/or organic aromas

4 Easy Steps

Step 1 - Preparation

Have your guest select the variety of Eco-fin they would like to use during their treatment.

- C3752: Eucalyptus Essence (Breathe)
- C3751: Pine/Wild Berries Blend (Jubilee Berry Winter)
- C3745: Butter Rum Essence (Celebrate)
- C3586: Raspberry/Grapefruit Blend (Happy)
- C3587: Chocolate Essence (Pleasure)
- C3588: Cinnamon/Ginger Blend (Muse)
- C3589: Vanilla Essence (Dream)
- C3590: Peppermint Essence (Escape)
- C3591: Lavender/Vanilla Blend (Reverie)
- C3712: Green Tea/Aloe Blend (Be Well)
- C3713: Coconut/Pineapple Blend (Retreat)
- C3592: Jasmine/Sandalwood Blend (Shangri-La)
- C3711: Unscented (Purity)
- C3752: Eucalyptus Hemp

Drop Eco-fin cube(s) into the liner and washable sleeve. (Use 1 cube for foot treatments or half a cube for hand services.)

- C226T: Eco-fin Fingerless Liner
- C3600: Mitts
- C3601: Booties

Step 2 - Warming

Roll sleeve and liner into a tidy roll, then place in towel warmer prior to service.

Put Mitts and/or Booties into hot towel warmer prior to service until they reach desired temp. You can also Microwave for 2 minutes to start and increase in increments of 30 seconds until they reach the desired temp.

If you don't have a warmed sleeve already prepared, warm the liner only in the microwave for 30 seconds before inserting the Eco-fin cube into the sleeve.

***Note:** For convenience, you can order extra Eco-fin Sleeves for Mitts and Eco-fin Sleeves for Booties and prepare several rolls ahead of time. They can be kept warm in your hot towel cabi, or you can warm the liner only in the microwave for approximately 30 seconds before inserting it into the sleeve. Use caution when using microwaves as they vary and may require less heating time. Overheating can melt the plastic liners.*

Use caution when using microwaves as they vary and may require less heating time. Overheating can melt the plastic liners.

Step 3 - Procedure

For hands and feet: Unroll the Eco-Sleeve and slip client's hands or feet into the liner, massaging warm Eco-fin into the skin. Place hands or feet into pre-warmed Herbal Eco-fin Mitt or Bootie, or electric mitts or booties.

For a body service: Place 5-6 cubes in rubber bowl and warm. Use natural bristle brush for application or put 5-6 cubes in an 8 oz. massage bottle, warm the bottle in a lotion warmer or hot towel warmer for easy application.

Step 4 - Finishing Service

For hands and feet: Remove liner from hands or feet after 10 to 15 minutes. Massage remaining Eco-fin emulsion into hands and forearms or feet and legs. Discard used liners and reuse sleeves/herbal mitts and booties.

End with a spritz of Eco-fin Finishing Spray to help with hydration and product absorption. Buff with a soft towel to remove excess oils.

For the body: Eco-fin can be used for a warm massage or used in a luxurious body wrap for skin hydration. End with a spritz of Eco-fin Finishing Spray to help with hydration and product absorption. Buff with a soft towel to remove excess oils.

- C3605: Eco-fin Finishing Spray
