

Brow Lamination Protocol

*Always check with your local state regulations to ensure that you are practicing within the scope of your license.

Prep

1. Request the client remove their contacts or glasses if needed
 2. Cleanse the brows using an oil-free cleanser on a cotton round, wiping the area gently to dry the hairs completely
 3. Brush the eyebrows into the shape you wish to accomplish using a disposable mascara wand or Y-Brush
-

Bonder

4. Working in small sections using a microfiber brush, apply the Bonder onto the brow hairs, brushing them into place using a mascara wand or Y-Brush
 5. Repeat step 4 until all the brow hairs are placed into the ideal lamination shape for the client
-

Activating Cream, Step 1

6. Massage the ViBrowLash Lift Activating Cream sachet
7. Cut a small corner of the sachet and place the cream onto the brow hairs using a microfiber brush, avoiding the tips of the hairs
8. Allow Step 1 to process
 - a. Processing time should be adjusted depending on the brows condition and hair type.
 - i. Very fine brows 3-4 minutes
 - ii. Fine brows 4-5 minutes
 - iii. Natural healthy brows 5-6 minutes
 - iv. Course healthy brows 6-7 minutes
9. Using a cotton swab or angled/lip applicator, thoroughly remove Step 1 using rolling motions to avoid displacement of the product

Neutralizer Lotion, Step 2

10. Massage the ViBrowLash Lift Neutralizer Lotion sachet
 11. Cut a small corner of the sachet and place the cream onto the brow hairs using a microfiber brush, avoiding the tips of the hairs
 12. Allow Step 2 process
 - a. Processing time should be adjusted depending on the lashes condition and hair type.
 - i. Very fine and fine brows 5 minutes
 - ii. Natural, healthy, and course brows 6 minutes
 13. Using a cotton swab or angled/lip applicator, thoroughly remove Step 2 using rolling motions to avoid displacement of the product
-

ViBrowLash Lift Moisturizing Serum, Step 3

14. Massage the ViBrowLash Lift Moisturizing Serum sachet and cut a small corner of the sachet
 15. Using a cotton swab or angled applicator, apply the serum all over the brow in the direction of the laminated hairs to remove bonder and condition the hairs
 16. Brush through the brows with a mascara wand
-

Aftercare Instructions:

- Use the LashFood Phyto-Medic Natural Eyebrow Enhancer, 5ml to nourish the brows in between services
- Be gentle with the brows for the first 24 hours following the service
- Do not rub your brows for 24 hours
- Avoid heat or heat services for 24 hours following the service
- Do not get your brows wet for 24 hours (i.e. no showering, washing your face, swimming, etc.)
- Do not use eye makeup for at least 24 hours following the Brow Lamination service.
- Do not use oils on the brows as this will cause service breakdown (lashes will not hold the desired shape)
- Do not use harsh products or oil-based makeup removers, as this can cause service breakdown
