Private Label Skin Care Manual

universalcompanies.com/PrivateLabel

PRIVATE LABEL
Your Brand. Your Vision.

Welcome

This skin care guide contains product knowledge, ingredient information, usage instructions, protocols, and safety data documents to support you while you're building your brand.

Each private label product is made with 100% naturally sourced ingredients and is free of parabens, petrolatum, mineral oils, propylene glycol, and sodium lauryl sulfate. Offering a brand that focuses on effective, clean formulations can help you educate your clients on the importance of their skin health, promote your professional service offerings, and support the sale of your take-home products.

If we can be of any assistance to you, please contact us at the number or email listed below.

We'll wishes,

-------------------	-------

Speak Confidently About Your Brand's Ingredients

Consumer awareness about ingredients and their effects on the skin, body, and environment is growing. Your clients may want assurance that what they're using is safe and effective. The following is a list of what you can expect from each product in the Your Brand Skin Care line. It will assist you in speaking confidently with your clients about the formulations, helping you earn their trust in your brand.

100% Naturally Sourced Ingredients

Your Brand skin care products are 100% naturally sourced, meaning that their ingredients are derived from natural sources, such as plants and minerals. Your clients will experience amazing results without being concerned about controversial chemicals.

No Parabens

Parabens are synthetic preservatives that prevent the growth of bacteria, fungi, and mold. However, some studies indicate that parabens mimic estrogen, disrupting hormones in the body. With these studies and the health and wellness of users in mind, Your Brand Skin Care has left parabens out of the formulations.

No Petrolatum or Mineral Oils

Petrolatum (petroleum jelly) and mineral oil aren't water-soluble and can create an occlusive barrier on the skin's surface. This can cause pores to become suffocated, trapping dirt and oils, which may lead to acne. It can prevent the absorption of other beneficial ingredients as well. Your Brand Skin Care avoids using these ingredients, keeping optimal skin health in mind.

No Propylene Glycol

Used as a skin-conditioning agent, propylene glycol is derived from petroleum, natural gas, or plant sources. It's a humectant, meaning it can absorb moisture from the air around you, including pollutants. Additionally, because it's a penetration-enhancer, it can help other ingredients permeate the skin, which may cause sensitization. For this reason, you will not find it in Your Brand products.

No Sodium Lauryl Sulfate

Sodium lauryl sulfate (SLS) is a surfactant that works as a detergent and foaming agent. It alters the skin's barrier function by stripping away natural oils, increasing TEWL (transepidermal water loss). The drying out of skin may cause itchiness and irritation. Due to the skin discomfort often experienced with this ingredient, Your Brand does not include it.

HYDRATING CLEANSER

pH = 5.1

◆ Lines & Wrinkles ◆ Redness ◆ Dull
◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT132S

RETAIL
PVT132
4 oz.

PROFESSIONAL
PVT132P
16.9 oz.

WHAT IS IT?

An aromatic cleanser that gently removes makeup and protects skin from moisture loss during cleansing. For all skin types.

HOW TO USE IT

Pro / Home Usage: Use AM and/or PM.
Gently massage with fingertips onto damp skin and remove with warm water.

KEY INGREDIENT FEATURES

Bergamot Fruit Oil: Calming Aroma

Palmarosa Oil: Moisture-Binding, Clarifying

Sodium Cocoamphoacetate: Emulsifier (Allows Oil & Water to Mix)

Citric Acid: AHA, Promotes Exfoliation

INGREDIENTS

Aqua, Sodium Myristoyl Sarcosinate, Cetyl Betaine, Sodium Cocoamphoacetate, Propanediol Glycerin, Citric Acid, Caprylyl Glycol, Arginine, Citrus Aurantium Bergamia (Bergamot) Fruit Oil, Cymbopogon Martini (Palmarosa) Oil

NOURISHING CLEANSING MILK

pH = 6.5

◆ Redness ◆ Dull ◆ Sensitive
◆ Dry or Dehydrated

SAMPLE
PVT129S

RETAIL
PVT129
4 oz.

PROFESSIONAL
PVT129P
16.9 oz.

WHAT IS IT?

A gentle cleanser that removes makeup without irritation, leaving skin feeling comfortably soft. For all skin types.

HOW TO USE IT

Pro/Home Usage: Use AM and/or PM. Gently massage with fingertips onto damp skin. Remove with splashes of comfortably warm water.

KEY INGREDIENT FEATURES

Coconut Oil: Moisturizing, Softening

Licorice Root Extract: Brightening, Calming

Green Tea Leaf Extract: Antioxidant, Calming, Detoxifying

INGREDIENTS

Aqua, Cocos Nucifera (Coconut) Oil, Stearic Acid, Glycerin, Stearyl Alcohol, Propanediol, Caprylic/Capric Triglyceride, Hydroxypropyl Starch Phosphate, Caprylyl Glycol, Sodium Cocoyl Isethionate, Arginine, Natamycin, Glycyrrhiza Glabra (Licorice) Root Extract, Camellia Sinensis (Green Tea) Leaf Extract, Tetrasodium Glutamate Diacetate, Chlorophyll (CI 75810)

PURIFYING CLEANSER

pH = 5.1

◆ Acne ◆ Redness

SAMPLE
PVT137S

RETAIL
PVT137
4 oz.

PROFESSIONAL
PVT137P
16.9 oz.

WHAT IS IT?

A refreshing cleanser to help calm oily, congested skin. Willow bark extract cleanses while essential oils of eucalyptus and sage add a refreshing feeling.

HOW TO USE IT

Pro Usage: Apply generously to damp skin, massage manually with fingertips in a circular motion, and add water as necessary. Spend additional time on congested areas of the skin to soften sebum and ease extractions.

Home Usage: Apply generously to damp skin, massage manually with fingertips in a circular motion for 2 to 3 minutes, and add water as necessary. Use twice a week or as directed by your skin care professional. Avoid eye area. Not for use on sensitive skin.

KEY INGREDIENT FEATURES

Arginine: Moisture Restoring, Anti-Aging

Sage Oil: Conditioning, Purifying

Eucalyptus Leaf Oil: Astringent, Moisturizing

Willow Bark Extract: Source of Salicylic Acid, Exfoliating

Citric Acid: Purifying, Brightening

INGREDIENTS

Aqua, Sodium Myristoyl Sarcosinate, Cetyl Betaine, Sodium Cocoamphoacetate, Propanediol Glycerin, Citric Acid, Caprylyl Glycol, Arginine, Salic Alba (Willow) Bark Extract, Caramel, Mentha Piperita (Peppermint) Leaf Oil, Terpeneol, Eucalyptus Globulus (Eucalyptus) Leaf Oil, Salvia Officinalis (Sage) Oil

PURIFYING GLYCOLIC CLEANSER

pH = 4.4

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation ◆ Redness
◆ Dull ◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT140S

RETAIL
PVT140
4 oz.

PROFESSIONAL
PVT140P
16.9 oz.

WHAT IS IT?

Glycolic, lactic, and salicylic acids deeply cleanse and exfoliate, leaves skin feeling smooth and looking revitalized. For all skin types.

PRO TIPS

Post Extraction Treatment:

In a rubber bowl, whip cleanser and water into a foam using a fan brush. Apply the foamy mixture with your brush and massage onto the skin. Remove with a warm towel or soft microfiber cloth. The foam creates a unique and sensorial experience for your guests!

HOW TO USE IT

Pro Usage: Apply generously to damp skin, massage manually with fingertips in a circular motion, and add water as necessary. Spend additional time on congested areas of the skin to soften sebum and ease extractions.

Home Usage: Best suited for AM or PM use. Gently massage with fingertips onto damp skin. Remove with warm water.

KEY INGREDIENT FEATURES

Salicylic Acid: Purifying, BHA

Glycolic Acid: Cellular Turnover, AHA

Lactic Acid: Exfoliating, AHA

Ylang Ylang Flower Oil: Hydrating, Nourishing

Orange Peel Oil: Astringent, Pore Refining

INGREDIENTS

Aqua, Sodium Myristoyl Sarcosinate, Cetyl Betaine, Sodium Cocoamphoacetate, Propanediol Glycerin, Salicylic Acid, Glycolic Acid, Lactic Acid, Citric Acid, Caprylyl Glycol, Arginine, Citrus Aurantium Dulcis (Orange) Peel Oil, Tetrasodium Glutamate Diacetate, Cananga Odorata (Ylang Ylang) Flower Oil, Sodium Hydroxide, Sodium Guaiazulene Sulfonate

REJUVENATING CREAM CLEANSER

pH = 6.8

- ◆ Lines & Wrinkles
- ◆ Hyperpigmentation
- ◆ Dull
- ◆ Sensitive
- ◆ Dry or Dehydrated

SAMPLE
PVT139S

RETAIL
PVT139
4 oz.

PROFESSIONAL
PVT139P
16.9 oz.

WHAT IS IT?

An ultra-rich creamy cleanser that sweeps away debris without compromising the skin's moisture barrier. For all skin types.

HOW TO USE IT

Pro / Home Usage: Use AM and/or PM.
Gently massage with fingertips onto damp skin and remove with warm water.

KEY INGREDIENT FEATURES

- Coconut Oil:** Softening, Vitamin-Rich Emollient
- Grapefruit Peel Oil:** Soothing, Evens Tone/Texture
- Licorice Root Extract:** Brightening, Calming

INGREDIENTS

Aqua, Cocos Nucifera (Coconut) Oil, Stearic Acid, Glycerin, Stearyl Alcohol, Propanediol, Caprylic/Capric Triglyceride, Hydroxypropyl Starch Phosphate, Caprylyl Glycol, Sodium Cocoyl Isethionate, Arginine, Natamycin, Citrus Limon (Lemon) Peel Oil, Citrus Paradisi (Grapefruit) Peel Oil, Glycyrrhiza Glabra (Licorice) Root Extract, Camellia Sinensis (Green Tea) Leaf Extract, Tetrasodium Glutamate Diacetate, Chlorophyll (CI 75810)

PURIFYING SCRUB CLEANSER

pH = 5.5

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation ◆ Redness
◆ Dull ◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT128S

RETAIL
PVT128
4 oz.

PROFESSIONAL
PVT128P
16.9 oz.

WHAT IS IT?

An exfoliant that reduces the look of large pores while softening and smoothing the appearance of dark spots. For all skin types.

PRO TIPS

Create a mini mask! Allow cleanser to rest on the skin for 5 to 8 minutes while using steam to prevent product from drying on the skin. Add water to your finger tips and emulsify. Use a warm compress for final removal.

HOW TO USE IT

Pro Usage: Apply generously to moist skin, massage manually with fingertips in a circular motion for 2 to 3 minutes, add water as necessary, and remove.

Home Usage: Use twice a week or as directed by your skin care professional. Avoid eye area. Not for use on sensitive skin. Best suited for PM use.

KEY INGREDIENT FEATURES

Silica: Exfoliating

Orange Peel Oil: Stimulating, Revitalizing

Lactic Acid: Exfoliating AHA, Brightening

INGREDIENTS

Aqua, Silica, Hydroxypropyl Starch Phosphate, Decyl Glucoside, Propanediol, Glycerin, Cellulose Gum, Caprylyl Glycol, Glyceryl Oleate, Natamycin, Citrus Aurantium Dulcis (Orange) Peel Oil, Tetrasodium Glutamate Diacetate, Sorbic Acid, Lactic Acid.

REFINING FACIAL POLISH

pH = 6.7

- ◆ Lines & Wrinkles ◆ Hyperpigmentation
- ◆ Dull ◆ Dry or Dehydrated

WHAT IS IT?

A gentle, gel-based polish that thoroughly exfoliates. Calendula extract, lavender, and chamomile smooth and soften skin. For all skin types.

PRO TIPS

Create a mini mask! Allow cleanser to rest on the skin for 5 to 8 minutes while using steam to prevent product from drying on the skin. Add water to your finger tips and emulsify. Use a warm compress for final removal.

HOW TO USE IT

Pro Usage: Apply small amount of product to damp skin and add more if needed. Gently massage in circular motions without adding excessive pressure, allowing the product to do the work. Can be used with steam.

Home Usage: Use once or twice a week. After cleansing, apply a small amount and rotate over skin with fingertips using very light pressure, taking care not to overstimulate the skin. Use caution when rinsing to avoid getting product in the eyes. Suitable for AM or PM use.

KEY INGREDIENT FEATURES

- Calendula Flower Extract:** Calming, Reparative
- Chamomile Flower Extract:** Calming, Moisturizing
- Aloe Leaf Extract:** Soothing, Hydrating
- Heilmoor Clay:** Mineralizing, Purifying

INGREDIENTS

Aqua, Helianthus Annuus (Sunflower) Seed Wax, Glycerin, Propanediol, Heilmoor Clay, Aloe Barbadosensis (Aloe Vera) Leaf Extract, Sodium Lauroyl Sarcosinate, Caprylyl Glycol, Calendula Officinalis (Calendula) Flower Extract, Lavandula Angustifolia (Lavender) Oil, Sodium Magnesium Silicate, Xanthan Gum, Arginine, Acacia Senegal Gum, Ormenis Multicaulis (Chamomile) Flower Extract

NOURISHING EYE CREAM

pH = 6.8

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation ◆ Redness
◆ Dull ◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT123S

RETAIL
PVT123
1 oz.

PROFESSIONAL
PVT123P
8.5 oz.

WHAT IS IT?

A protective formula rich in GLA and plant moisturizers to renew delicate skin around the eyes. For all skin types.

PRO TIPS

Create a nourishing eye mask during treatment.

1. Apply a generous layer to the orbital bone area.
2. Cover with a warm eye compress or eye mask and allow product to absorb during facial massage or masking.
3. Remove eye cover and massage in any product remaining on the skin.

HOW TO USE IT

Pro / Home Usage: Use AM and PM. Gently apply the product under the eye area, from the outer to the inner corner of the eye. Allow several minutes for full absorption if applying makeup.

KEY INGREDIENT FEATURES

Olive Fruit Oil: Nutrient-Rich, Moisturizing
Shea Butter: Soothing, Antioxidant, Hydrating
Rosemary Leaf Extract: Balancing, Antioxidant
Rosehip Fruit Oil: Smoothing, Anti-Aging

INGREDIENTS

Aqua, Olea Europaea (Olive) Fruit Oil, Stearic Acid, Propanediol, Glycerin, Butyrospermum Parkii (Shea) Nut Butter, Stearyl Alcohol, Caprylic/Capric Triglycerides, Ricinus Communis (Castor) Seed Oil, Hydrogenated Castor Oil, Cetearyl Alcohol, Cetearyl Glucoside, Sodium Magnesium Silicate, Caprylyl Glycol, Natamycin, Xanthan Gum, Tilia Cordata (Linden Blossom) Oil, Ipomoea Batatas (Sweet Potato) Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Oryza Sativa (Rice Bran) Oil, Rosa Canina (Rosehip) Fruit Oil, Soybean Glycerides, Butyrospermum Parkii (Shea Butter) Unsaponifiables, Acacia Senegal Gum, Sodium Guiazulene Sulfonate

NOURISHING LIP BALM

pH = N/A

◆ Dry or Dehydrated

RETAIL
PVT143
0.3 oz.

◆ WHAT IS IT?

A rich lip treatment that combines sweet almond oil, beeswax, coconut oil, and shea butter for soft, smooth lips. For all skin types.

◆ HOW TO USE IT

Home Usage: Apply liberally as needed.

◆ KEY INGREDIENT FEATURES

Sweet Almond Oil: Moisturizing, Soothing

Cocoa Butter: Anti-Aging, Hydrating

Heilmoor Clay: Revitalizing, Purifying

INGREDIENTS

Prunus Amygdalus Dulcis (Sweet Almond) Oil, Cocos Nucifera Oil, Cera Alba (Beeswax), Theobroma Cacao (Cocoa) Butter, Heilmoor Clay, Mentha Viridis (Spearmint) Essential Oil, Menthol, Glycerin

ENZYME BRIGHTENING MASK

pH = 7.5

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation ◆ Redness
◆ Dull ◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT124S

RETAIL
PVT124
2.7 oz.

PROFESSIONAL
PVT124P
16.9 oz.

WHAT IS IT?

A mask that features sea kelp, enzymes, and minerals for exfoliation, tightening, cleansing, and improved tone. For all skin types.

PRO TIPS

Steam and enzymes are best friends! Keep those enzymes active by adding steam or a warm compress to the face while the mask rests on the skin.

HOW TO USE IT

Pro Usage: Apply to face, neck, and décolleté. Leave on for 10 to 15 minutes before removal. Safe to use with steam.

Home Usage: After cleansing and toning, apply a generous layer to the face and neck. Leave on for 10 to 15 minutes. Remove with warm water. Finish with a moisturizer of your choice.

KEY INGREDIENT FEATURES

Kelzyme: Mineral-Rich Enzyme, Exfoliating
Lavender Oil: Calming, Clarifying

INGREDIENTS

Aqua, Macrocystis Pyrifera (Kelzyme), Bentonite, Magnesium Aluminium Silicate, Propanediol, Glycerin, Caprylyl Glycol, Natamycin, Lavandula Angustifolia Oil

HYDRATING CREAM MASK

pH = 6.4

◆ Lines & Wrinkles ◆ Redness ◆ Dull
◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT134S

RETAIL
PVT134
2.7 oz.

PROFESSIONAL
PVT134P
16.9 oz.

WHAT IS IT?

A combination of heilmoor clay in a soothing cream base of olive oil, coconut fatty acids, and lavender essential oil to deeply hydrate skin. For all skin types.

PRO TIPS

Sun Burn Treatment:

Chill a pre-portioned amount of Hydrating Mask and apply to guests with sunburn on their face and body. Remove any product not absorbed by pressing a microfiber towel on the sensitized skin to blot away any excess product.

HOW TO USE IT

Pro Usage: Apply to clean to dry and allow mask to sit for 12 to 15 minutes before removal.

Home Usage: After cleansing and toning, apply an even layer over face, neck, and decollete. Leave on for 10 to 15 minutes before removal. Rinse well with warm water and follow with appropriate moisturizer for skin type.

KEY INGREDIENT FEATURES

Heilmoor Clay: Detoxifying, Bioavailable, Nutrient-Rich

Olive Fruit Oil: Moisturizing, Antioxidant

Arginine: Anti-Aging, Moisture-Binding

INGREDIENTS

Aqua, Heilmoor Clay, Olea Europaea (Olive) Fruit Oil, Stearic Acid, Glycerin, Propanediol, Cetyl Alcohol, Caprylic/Capric Triglycerides, Caprylyl Glycol, Arginine, Natamycin, Lavandula Angustifolia (Lavender) Oil

BRIGHTENING C & PEPTIDE MOISTURIZER

pH = 4.9

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation ◆ Redness
◆ Dull ◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT136S

RETAIL
PVT136
1 oz.

PROFESSIONAL
PVT136P
3.5 oz.

WHAT IS IT?

A luxurious blend of botanicals to give skin a youthful glow. Visibly firms and smooths while deeply hydrating. For all skin types.

HOW TO USE IT

Pro / Home Usage: Use AM and PM as the final step in your skincare routine or treatment to face, neck, and décolleté.

KEY INGREDIENT FEATURES

Meadowfoam Seed Oil: Moisture-Binding, Softening

Algae Extract: Revitalizing, Toning

Sodium Ascorbyl Phosphate: Smoothing, Brightening

Sodium Hyaluronate: Hydrating, Moisture-Binding

Palmitoyl Tripeptide-1: Strengthening, Anti-Aging

Palmitoyl Tetrapeptide-7: Replenishing, Calming

Lactic Acid: Cellular Turnover, Smoothing

INGREDIENTS

Aqua, Caprylic/Capric Triglyceride, Glycerin, Propanediol, Cetearyl Alcohol, Polyglyceryl-3 Stearate, Glyceryl Stearate, Limnanthes Alba (Meadowfoam) Seed Oil, Cetearyl Glucoside, Algae Extract, Xanthan Gum, Caprylyl Glycol, Sodium Ascorbyl Phosphate, Natamycin, Tocopheryl Acetate, Ascorbic Acid Polypeptide, Citrus Limon (Lemon) Peel Oil, Sodium Hyaluronate, Ubiquinone, Vitis Vinifera (Grape) Skin Extract, Caramel, Tetrasodium Glutamate Diacetate, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Lactic Acid

GLYCOLIC RENEWAL CREAM

pH = 3.5

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation
◆ Dull ◆ Dry or Dehydrated

SAMPLE
PVT131S

RETAIL
PVT131
4 oz.

PROFESSIONAL
PVT31P
16.9 oz.

WHAT IS IT?

A cleansing cream that utilizes the “peeling” action of glycolic acid to diminish the appearance of fine lines, leaving a youthful glow. For all skin types.

PRO TIPS

It is recommended to add an additional moisturizer, or moisturizing sunscreen following use in the treatment room.

HOW TO USE IT

Pro/Home Usage: At night time or as directed, cleanse thoroughly then gently smooth into face, neck, and décolleté. If the skin becomes dehydrated, apply an additional moisture for your skin type.

Use only as directed. Avoid contact with the eyes. If irritation persists, discontinue use and consult a physician. It is recommended that you use sunscreen daily while using Glycolic Renewal Cream. Contact of the product with the skin should be of limited frequency and duration.

KEY INGREDIENT FEATURES

Coconut Oil: Softening, Moisturizing, Helps Prevent Moisture Loss

Glycolic Acid: Cellular Turnover, AHA

Heilmoor Clay: Bioavailable, Nutrient-Rich, Soothing

INGREDIENTS

Aqua, Glycolic Acid, Cocos Nucifera (Coconut) Oil, Cetyl Alcohol, Glyceryl Stearate, Propanediol, Heilmoor Clay, Lauryl Lactate, Hydroxypropyl Starch Phosphate, Cetearyl Alcohol, Cetyl Phosphate, Sodium Hydroxide, Glycerin, Caprylyl Glycol, Natamycin

◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT135S

RETAIL
PVT135
1.8 oz.

PROFESSIONAL
PVT135P
16.9 oz.

WHAT IS IT?

A moisturizer that replenishes skin without clogging pores. It features an herbal trio of mallow flower, cucumber, and ivy to deeply hydrate. For all skin types.

HOW TO USE IT

Pro / Home Usage: Use AM and PM as the final step in your skin care routine or treatment to face, neck, and décolleté.

KEY INGREDIENT FEATURES

Rosemary Leaf Extract: Antioxidant, Purifying

Mallow Flower Extract: Soothing, Conditioning

Ivy Leaf Extract: Astringent

Bergamot Fruit Oil: Brightening, Cellular Renewal

INGREDIENTS

Aqua, Methyl Cocoate, Glyceryl Stearate, Polyglyceryl-3 Dicitrate/Stearate, Propanediol, Cetyl Alcohol, Cetyl Palmitate, Hydroxypropyl Starch Phosphate, Caprylyl Glycol, Cocoglycerides, Xanthan Gum, Rosmarinus Officinalis (Rosemary) Leaf Extract, Natamycin, Malva Sylvestris (Mallow) Flower Extract, Citrus Aurantium Bergamia (Bergamot) Fruit Oil, Cucumis Sativus (Cucumber) Extract, Hedera Helix (Ivy) Leaf Extract

HYDRATING RETINOL CREAM

pH = 5.4

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation
◆ Dull ◆ Dry or Dehydrated

SAMPLE
PVT141S

RETAIL
PVT141
1.8 oz.

PROFESSIONAL
PVT141P
16.9 oz.

WHAT IS IT?

A deeply hydrating, nourishing moisturizer that reduces dryness and reduces the look of fine lines, wrinkles, and sun damage. For all skin types.

HOW TO USE IT

Pro / Home Usage: Use AM and PM as the final step in your skin care routine or treatment to face, neck, and décolleté.

KEY INGREDIENT FEATURES

Tocopheryl Acetate: Moisturizing, Smoothing
Retinol: Cellular Turnover, Antioxidant
Cacao Seed Butter: Revitalizing, Brightening
Grape Skin Extract: High in Resveratrol

INGREDIENTS

Aqua, Caprylic/Capric Triglyceride, Brassica Napus (Rapeseed) Seed Oil, Glycerin, Propanediol, Cetearyl Alcohol, Glyceryl Stearate, Cetearyl Glucoside, Stearic Acid, Algae Extract, Caprylyl Glycol, Retinyl Palmitate, Tocopheryl Acetate, Natamycin, Retinol, Arginine, Sodium Ascorbyl Phosphate, Citrus Limon (Lemon) Peel Oil, Citrus Paradisi (Grapefruit) Peel Oil, Algin, Tetrasodium Glutamate Diacetate, Butyrospermum Parkii (Shea) Butter, Theobroma Cacao Seed Butter, Chondrus Crispus Extract, Vitis Vinifera (Grape) Skin Extract, Lavandula Angustifolia (Lavender) Flower Extract

◆ Dull ◆ Sensitive ◆ Dry or Dehydrated

SAMPLE
PVT142S

RETAIL
PVT142
1 oz.

PROFESSIONAL
PVT142P
3.4 oz.

WHAT IS IT?

An exquisite blend of rosehip, kukui, and argan oils—rich in revitalizing fatty acids, minerals, vitamins, and antioxidants to plump and moisturize. For all skin types.

HOW TO USE IT

Pro / Home Usage: Dispense a few drops into the palms of your hands, rub together for a few seconds. Then, massage gently into the face, neck, and décolleté.

PRO TIPS

Moisturizer Boost:

Mix a couple of drops with your moisturizer, warm between your palms, and apply to face, neck, and décolleté.

Hand Treatment:

Apply to guests' hands while they're masking and massage into cuticles, knuckles, and other drier areas as a hydrating hand treatment. Wrap a warm dry towel around the hand to allow the product to absorb.

KEY INGREDIENT FEATURES

Grape Seed Oil: Tightening, Brightening

Kukui Seed Oil: Hydrating, Reparative

Rosehip Fruit Oil: Antioxidant, Anti-Aging

Argan Kernel Oil: Calming, Moisturizing

Rosemary Leaf Oil: Balancing, Antioxidant

Vitamin E: Moisture-Binding, Smoothing

Rose Otto Flower Oil: Subtle Fragrance

INGREDIENTS

Vitis Vinifera (Grape) Seed Oil, Aleurites Moluccana (Kukui) Seed Oil, Rosa Canina (Rosehip) Fruit Oil, Argania Spinosa (Argan) Kernel Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract, Tocopherol (Vitamin E), Rosa Damascena (Rose Otto) Flower Oil

WHAT IS IT?

A serum that contains niacinamide and herbal extracts to brighten the complexion and even out skin tone. For all skin types.

HOW TO USE IT

Pro Usage: Apply sparingly to cleansed skin. Massage gently over entire face, neck, and décolleté. Follow with a moisturizer of your choice. For a more intensive treatment, apply a thin layer all over the face, allow it to dry, and then apply a mask of choice over it.

Home Usage: Best suited for PM use.

Apply sparingly to a cleansed skin.

Massage gently over entire face, neck, and décolleté. Follow with a moisturizer of your choice.

KEY INGREDIENT FEATURES

Niacinamide: Antioxidant, Smoothing, Firming

Amla Fruit Extract: Brightening, Hydrating

Grape Extract: Antioxidant, Softening

Asafoetida Extract: Brightening, Purifying

Licorice Root Extract: Brightening, Calming

INGREDIENTS

Aqua, Niacinamide, Glycerin, Propanediol, Hydroxyethylcellulose, Emblica Officinalis (Amla) Fruit Extract, Vitis Vinifera (Grape) Extract, Ferula Assa-Foetida (Asafoetida) Extract, Caprylyl Glycol, Glycyrrhiza Glabra (Licorice) Root Extract, Arginine

Slippery Elm Bark Extract: Calming Emollient
Lavender Oil: Moisturizing, Clarifying
Mandarin Oil: Brightening, Balancing
Cedarwood Oil: Soothes Inflamed Blemishes
Ylang Ylang Oil: Purifying, Hydrating

INGREDIENTS

Aqua, Coco-Glucoside, Propanediol, Glyceryl Stearate, Cetearyl Alcohol, Cetearyl Glucoside, Cetearyl Oliviate, Sorbitan Oliviate, Sodium Magnesium Silicate, Xanthan Gum, Caprylyl Glycol, Natamycin, Caprylic/Capric Triglyceride, Arginine, Cucumis Sativus (Cucumber) Extract, Ulmus Fuluna (Slippery Elm) Bark Extract, Lavandula Angustifolia (Lavender) Oil, Citrus Nobilis (Mandarin) Oil, Juniperus Virginiana (Cedarwood) Oil, Cananga Odorata (Ylang Ylang) Oil, Acacia Senegal Gum

RESTORATIVE SERUM

pH = 5.9

- ◆ Lines & Wrinkles ◆ Hyperpigmentation
- ◆ Dull ◆ Dry or Dehydrated

SAMPLE
PVT127S

RETAIL
PVT127
1 oz.

PROFESSIONAL
PVT127P
8.5 oz.

WHAT IS IT?

A potent age-defying serum that's rich in plant-derived collagen, vitamin C, and hydrating hyaluronic acid. For all skin types.

PRO TIPS

For a more intensive treatment, apply a thin layer all over the face, allow it to dry, and then apply a mask of choice over it.

HOW TO USE IT

Pro Usage: Apply sparingly to a cleansed skin. Massage gently over entire face, neck, and décolleté. Follow with a moisturizer of your choice. For a more intensive treatment, apply a thin layer all over the face, allow it to dry, and then apply a mask of choice over it.

Home Usage: Apply sparingly to a cleansed skin. Massage gently over entire face, neck, and décolleté. Follow with a moisturizer of choice. Safe for AM or PM use.

KEY INGREDIENT FEATURES

Saccharomyces/Copper Ferment: Conditioning, Antioxidant

Vitamin C: Smoothing, Brightening

INGREDIENTS

Aqua, Yeast Extract, Glycerin, Propanediol, Hydroxyethylcellulose, Saccharomyces/Copper Ferment, Caprylyl Glycol, Sodium Ascorbyl Phosphate (Vitamin C), Arginine

AHA TONER

pH = 3.9

◆ Acne ◆ Lines & Wrinkles ◆ Hyperpigmentation ◆ Dull

RETAIL
PVT145
4 oz.

PROFESSIONAL
PVT145P
16.9 oz.

WHAT IS IT?

A combination of glycolic acid and witch hazel that refreshes, clarifies, and tones skin. For all skin types.

PRO TIPS

Exfoliation Boost:

Use on elbows, knees, or other dry areas of the body to boost exfoliation. Don't forget to wear your sunscreen when using AHAs.

HOW TO USE IT

Pro Usage: Apply to cotton round and swipe across skin as needed. Not recommended to spray directly over the face due to eye sensitivity.

Home Usage: After cleansing, saturate cotton pad with AHA Toner and apply to skin. Follow with an appropriate moisturizer.

KEY INGREDIENT FEATURES

Witch Hazel: Astringent, Calming

Glycolic Acid: AHA, Exfoliating

Mimosa Leaf Extract: Anti-Aging, Reparative

Green Tea Leaf Extract: Antioxidant, Nourishing, Smoothing

Orange Oil: Brightening

INGREDIENTS

Aqua, Hamamelis Virginiana (Witch Hazel) Water, Glycerin, Propanediol, Glycolic Acid, Decyl Glucoside, Sorbitan Caprylate, Caprylyl Glycol, Mimosa Tenuiflora (Mimosa) Leaf Extract, Camellia Sinensis (Green Tea) Leaf Extract, Citrus Aurantium Dulcis (Orange) Oil

HYDRATING MIST

pH = 5.1

◆ Lines & Wrinkles ◆ Dull ◆ Sensitive ◆ Dry or Dehydrated

RETAIL
PVT133
4 oz.

PROFESSIONAL
PVT133P
16.9 oz.

WHAT IS IT?

An aromatic, hydrating toner that's perfect for setting makeup or for use as a refreshing, skin-nourishing mist. For all skin types.

PRO TIPS

Spray over any cream or gel mask prior to removal to loosen the mask and make removal less abrasive on the skin.

Take your Hydrating Mist Poolside!

Offer complimentary misting to hotel guests sitting poolside on a hot sunny day. Keep their skin hydrated and raise awareness of the spa and its offerings.

Works great as a makeup setting spray!

HOW TO USE IT

Pro/Home Usage: Mist onto clean skin AM and/or PM, or as desired throughout the day.

KEY INGREDIENT FEATURES

Chondrus Crispus Extract: Hydrating, Nutrient-Rich, Antioxidant

Algae Extract: Revitalizing, Toning

Palmarosa Oil: Moisture-Binding, Clarifying

INGREDIENTS

Aqua, Panthenol, Sorbitol, Dextrose, Propanediol, Glycerin, Chondrus Crispus Extract, Sodium PCA, Algae Extract, Caprylyl Glycol, Caprylyl/Capryl Glucoside, Citrus Paradisi (Grapefruit) Peel Oil, Cymbopogon Martini (Palmarosa) Oil, Alcohol Denat., Natamycin, Lactic Acid

Protocols

In this next section, you will find 6 Private Label Skin Care protocols to further support your integration of the line. Each protocol includes a list of all the products you will need to perform the service successfully as well as the cost per treatment, recommended retail options for your clients, and easy step-by-step instruction. Protocols are named by skin concern; allowing you to incorporate your treatment name that best fits your spa concept.

- To help maximize the client's experience, prepare warm towels for the service using a hot towel cabinet.

Acneic Skin Protocol

Detailed Reference

Treatment time:

**50-60
mins**

*Times are estimated and will vary based on your guests needs.

Reveal clear, matte complexions with formulas that purify shiny, congested skin. Each product in this collection contains ingredients, such as salicylic and glycolic acids, to sweep away impurities and deeply cleanse pores.

STEP	PRODUCT	TIPS / SUGGESTIONS
REMOVE EYE & LIP MAKEUP 3 minutes	<i>Suggested Product:</i> Prosana Make-Up Remover	<ul style="list-style-type: none"> Saturate 2 cotton rounds in make-up remover and place over the eyes with gentle pressure. Leave the eye pads on the eyes while you remove lip make up to gently break down make-up for easier removal. Saturate 1 additional cotton round and remove make-up from the lips. Return to the eyes and remove eye makeup using gentle, downward sweeping motions.
CLEANSE 3 minutes	Purifying Cleanser	<ul style="list-style-type: none"> Mix 1 pump of Purifying Cleanser with warm water & create a mild lather. Cleanse from the décolleté up to the forehead. Remove cleanser with a warm, damp towel or damp sponges. *Since Acneic skin can be sensitized, using warm water vs. hot water is recommended.
TONE 1 minutes	AHA Toner	<ul style="list-style-type: none"> Spray AHA Toner on 2 cotton rounds until they are damp. Gently wipe the entire face in flowing movements.
EXTRACTION PREPARATION 10-20 minutes	<i>Suggested Product:</i> Prosana Disincrustation Fluid	<ul style="list-style-type: none"> For best results, soak a piece of gauze or very thick strips of cotton in the Disincrustation Fluid and apply to congested areas. Allow the fluid to process under the steamer for about 10-20 minutes.
EXTRACTIONS 10 minutes	n/a	<ul style="list-style-type: none"> Cover your guest's eyes with an eye pillow or cotton rounds to protect them from the magnifying lamp light. *Perform extractions based on your state guidelines.
TREAT 2 minutes	Purifying Treatment Gel	<ul style="list-style-type: none"> Apply a thin layer of Purifying Treatment Gel to the entire face for acne prevention and/or treatment of the extraction sites.
MASK 10-15 minutes	Hydrating Cream Mask	<ul style="list-style-type: none"> Using a facial brush in long flowing movements, generously apply the Hydrating Cream Mask starting at the décolleté, and slowly moving up toward the forehead. Remove your brush only when additional product is needed to create a relaxing experience. Remove the mask gently by using warm, damp sponges or hot towels. For a better client experience, wrap the client's face in the warm towels, leaving the nose uncovered, and gently massage away the mask carefully checking to be sure all product has been removed from the skin.
ACUPRESSURE MASSAGE 5 minutes	Glycolic Renewal Serum	<ul style="list-style-type: none"> Apply approximately a half pump of Glycolic Renewal Serum to the face, neck, and décolleté. Begin pressing the serum into the skin using acupressure techniques. Continue acupressure until Glycolic Renewal Serum is fully absorbed into the skin.
EYE CREAM 1 minutes	Nourishing Eye Cream	<ul style="list-style-type: none"> Apply a pea size amount of Nourishing Eye Cream to the under-eye area and orbital bone. Gently tap and massage product into the skin using your ring finger.
MOISTURIZER 1 minutes	Hydrating Oil-Free Moisturizer	<ul style="list-style-type: none"> Complete your treatment using Hydrating Oil-Free Moisturizer. Apply approximately a nickel size amount of product to the face, neck, and décolleté and massage into the skin until fully absorbed. Add more product if needed.

Dry or Dehydrated Protocol

This nourishing service is specially designed for clients with normal to dry skin, using balanced formulas that provide just the right amount of hydration and protection from further dryness

Your clients will enjoy radiant, soft-to-the-touch results that last!

Cost Per Treatment:
\$5.65

Treatment time:
50-60 mins

What You'll Need:

- Hydrating Cleanser
- Hydrating Mist
- Enzyme Brightening Mask
- Brightening Serum
- Hydrating Cream Mask
- Restorative Facial Oil
- Nourishing Eye Cream
- Restorative Moisture Cream

What They'll Want:

- Hydrating Cleanser (4 fl. oz.)
- Hydrating Mist (4 fl. oz.)
- Enzyme Brightening Mask (2.7 fl. oz.)
- Brightening Serum (1 fl. oz.)
- Hydrating Cream Mask (2.7 fl. oz.)
- Restorative Facial Oil (1 fl. oz.)
- Nourishing Eye Cream (1 fl. oz.)
- Restorative Moisture Cream (1.8 fl. oz.)

Preparation:

- If desired, use the Skin Health Analysis System to complete a thorough review of the client's skin health. From here, you can determine what products and procedures may be beneficial for their specific skin care needs.

Dry or Dehydrated Protocol

Detailed Reference

Treatment time:

**50-60
mins**

*Times are estimated and will vary based on your guests needs.

Soften dry or dehydrated complexions by replenishing vital moisture. These formulations infuse parched skin with restorative ingredients, such as arginine, shea butter, and vitamin E.

STEP	PRODUCT	HOW TO USE
REMOVE EYE & LIP MAKEUP 3 minutes	<i>Suggested Product:</i> Prosana Make-Up Remover	<ul style="list-style-type: none"> Saturate 2 cotton rounds in make-up remover and place over the eyes with gentle pressure. Leave the eye pads on the eyes while you remove lip make up to gently break down make-up for easier removal. Saturate 1 additional cotton round and remove make-up from the lips. Return to the eyes and remove eye makeup using gentle, downward sweeping motions.
CLEANSE 5 minutes	Hydrating Cleanser	<ul style="list-style-type: none"> Mix 1 pump of Hydrating Cleanser with warm water & create a mild lather. Cleanse from the décolleté up to the forehead. Remove cleanser with a warm, damp towel or damp sponges.
TONE 2 minutes	Hydrating Mist	<ul style="list-style-type: none"> Tone and refresh your client's skin with the Hydrating Mist by lightly misting above the face roughly 6 inches.
EXFOLIATION 10 minutes	Enzyme Brightening Mask	<ul style="list-style-type: none"> Dispense approximately 1 tablespoon of Enzyme Brightening Mask into a rubber mixing bowl. Using a mask brush, apply the product directly to the client's face in long sweeping motions beginning at the décolleté and ending at the forehead. To remove, wrap the face with a warm towel and allow to sit on the skin for 1-2 minutes while you perform a soft compression massage over top of the towel, creating a relaxing experience for your guest while also helping to loosen the mask from the skin. Use the towel to remove all traces of the cream mask exfoliator.
TONE 2 minutes	Hydrating Mist	<ul style="list-style-type: none"> Tone and refresh your client's skin with the Hydrating Mist by lightly misting above the face roughly 6 inches.
TREAT 2 minutes	Brightening Serum	<ul style="list-style-type: none"> Apply 1 pump of the Brightening Serum to the client's skin by gently tapping the product in using your fingertips. Wait a few seconds for the product to penetrate into the skin slightly before moving on to the next step, this will allow for better absorption of your mask. Apply additional product if or as needed.
MASK 10-15 minutes	Hydrating Cream Mask	<ul style="list-style-type: none"> Dispense a small amount of the Hydrating Cream Mask into a rubber mixing bowl. Using a mask brush, apply the product directly to the client's face in long sweeping motions beginning at the chin and ending at the outer cheeks. After the mask has been given the time to deeply hydrate the client's skin, use a warm, damp towel to wrap around the face, leaving the nose exposed. Allow the towel to sit for 1-2 minutes while you perform a soft compression massage over top of the towel, creating a relaxing experience for your guest while also helping to loosen the mask from the skin. Use the towel to remove all traces of the cream mask.
MASSAGE 8-10 minutes	Restorative Facial Oil	<ul style="list-style-type: none"> Using 1 - 2 Pipette's of Restorative Facial Oil, begin massaging the face and décolleté utilizing smooth effleurage movements. <ul style="list-style-type: none"> Outward strokes on the client's décolleté Upward strokes on the neck area Upward & outward strokes on the cheeks and forehead Gently circle around the eyes with your ring fingers, ending between the eyebrows and carrying out the pass straight up the forehead to the hairline for the eye area. *Remember to be cognizant of the pressure you are providing as too much or too little pressure could become uncomfortable for your client.
EYE CREAM 2 minutes	Nourishing Eye Cream	<ul style="list-style-type: none"> Apply a pea size amount of Nourishing Eye Cream to the under-eye area and orbital bone. Gently tap and massage product into the skin using your ring finger.
MOISTURIZER 2 minutes	Restorative Moisture Cream	<ul style="list-style-type: none"> Complete your treatment by applying Restorative Moisture Cream to the face, neck, and décolleté. Apply approximately a nickel size amount of product to the face, neck, and décolleté and massage into the skin until fully absorbed. Add more product if needed.

Dull Skin Protocol

Brighten and revive dull looking skin with a combination of exfoliation and intense hydration. Physicalexfoliation loosens dead skin cells while AHA's work beneath the surface of the skin to accelerate cellular turnover; revealing youthful and radiant skin.

Cost Per Treatment:
\$4.26

Treatment time:

50-60 mins

- Enzyme Brightening Mask
- Purifying Treatment Gel
- Brightening Serum
- Restorative Facial Oil
- Hydrating Cream Mask
- Nourishing Eye Cream
- Brightening C & Peptide Moisturizer

What They'll Want:

- Nourishing Cleansing Milk (4 fl. oz.)
- Hydrating Mist (4 fl. oz.)
- Enzyme Brightening Mask (2.7 fl. oz.)
- Purifying Treatment Gel (1 fl. oz.)
- Brightening Serum (1 fl. oz.)
- Restorative Facial Oil (1 fl. oz.)
- Hydrating Cream Mask (2.7 fl. oz.)
- Nourishing Eye Cream (1 fl. oz.)
- Brightening C & Peptide Moisturizer (1 fl. oz.)

Preparation:

- If desired, use the Skin Health Analysis System to complete a thorough review of the client's skin health. From here, you can determine what products and procedures may be beneficial for their specific skin care needs.
- To help maximize the client's experience, prepare warm towels for the service using a hot towel cabinet.

Redness Protocol

Detailed Reference

Treatment time:

**50-60
mins**

*Times are estimated and will vary based on your guests needs.

Redness can be caused by various factors. While some factors may require medical treatment, many redness challenges can be helped with simple treatments and soothing ingredients such as Green Tea Leaf Extract, Argan Kernel Oil, Kukui Seed Oil, Heilmoor Clay, and Licorice Root Extract.

STEP	PRODUCT	HOW TO USE
REMOVE EYE & LIP MAKEUP 3 minutes	<i>Suggested Product:</i> Prosana Make-Up Remover	<ul style="list-style-type: none"> Saturate 2 cotton rounds in make-up remover and place over the eyes with gentle pressure. Leave the eye pads on the eyes while you remove lip make up to gently break down make-up for easier removal. Saturate 1 additional cotton round and remove make-up from the lips. Return to the eyes and remove eye makeup using gentle, downward sweeping motions.
CLEANSE 5 minutes	Nourishing Cleansing Milk	<ul style="list-style-type: none"> Begin service by thoroughly cleansing the skin using the Nourishing Cleansing Milk, perfect for even the most sensitive of skin types. Once the skin is completely cleansed, remove the cleanser with moistened sponges or hot towels. *Remember to always use caution and check the temperature of hot towels. You may need to use a warm towel on Sensitive skin versus hot towel.
TONE 2 minutes	Hydrating Mist	<ul style="list-style-type: none"> Spray Hydrating Mist on 2 cotton rounds until they are damp. Gently wipe the entire face in flowing movements.
EXFOLIATION 8-12 minutes	Enzyme Brightening Mask	<ul style="list-style-type: none"> Apply Enzyme Brightening Mask using long flowing movements starting at the base of the neck, up along the neck to the cheeks, nose, around the eyes, and forehead. Remove the mask gently by using moistened sponges or hot towels. *For a better client experience, wrap the client's face in the warm towel, leaving the nose uncovered, and gently massage away the remaining mask. Remember to go back and clean up any remaining product that was missed.
TREAT 1 minute	Purifying Treatment Gel	<ul style="list-style-type: none"> Apply a thin layer of Purifying Treatment Gel to the extraction sites.
TREAT 1 minute	Brightening Serum	<ul style="list-style-type: none"> Apply 1 pump of the Brightening Serum to the client's skin by gently tapping the product into the skin using your fingertips. Wait a few seconds for the product to penetrate into the skin slightly before moving on to the next step. This will allow for better absorption of your mask. Apply additional product if or as needed.
MASSAGE 8-10 minutes	Restorative Facial Oil	<ul style="list-style-type: none"> Using 1 - 2 Pipettes of Restorative Facial Oil, begin massaging the face and décolleté utilizing smooth effleurage movements. <ul style="list-style-type: none"> Outward strokes on the client's décolleté Upward strokes on the neck area Upward & outward strokes on the cheeks and forehead Gently circle around the eyes with your ring fingers, ending between the eyebrows and carrying out the pass straight up the forehead to the hairline for the eye area. *Remember to be cognizant of the pressure you are providing as too much or too little pressure could become uncomfortable for your client.
MASK 12-15 minutes	Hydrating Cream Mask	<ul style="list-style-type: none"> Dispense a small amount of the Hydrating Cream Mask into a rubber mixing bowl. Using a mask brush, apply the product directly to the client's face in long sweeping motions beginning at the chin and ending at the outer cheeks. After the mask has been given the time to deeply hydrate the client's skin, use a warm, damp towel to wrap around the face, leaving the nose exposed. Allow the towel to sit for 1-2 minutes while you perform a soft compression massage over top of the towel, creating a relaxing experience for your guest while also helping to loosen the mask from the skin. Use the towel to remove all traces of the cream mask.
EYE CREAM 2 minutes	Nourishing Eye Cream	<ul style="list-style-type: none"> Apply a pea size amount of Nourishing Eye Cream to the under-eye area and orbital bone. Gently tap and massage product into the skin using your ring finger.
MOISTURIZER 2 minutes	Brightening C & Peptide Moisturizer	<ul style="list-style-type: none"> Complete your treatment by applying Brightening C and Peptide Moisturizer to the face, neck, and décolleté. Apply approximately a nickel size amount of product to the face, neck, and décolleté and massage into the skin until fully absorbed. Add more product if needed.

Sensitive Skin Protocol

Elements such as rosehip and lavender essential oils help to soothe and calm the skin in this relaxing facial, while olive oil and coconut fatty acids provide ultra-hydration. Clients with the most sensitive skin types will leave the spa with a youthful glow that lasts well after their appointment!

Cost Per Treatment:
\$3.88

Treatment time:

45 mins

What You'll Need:

- Nourishing Cleansing Milk
- Hydrating Mist
- Restorative Facial Oil
- Restorative Serum
- Hydrating Cream Mask
- Nourishing Eye Cream
- Restorative Moisture Cream

What They'll Want:

- Nourishing Cleansing Milk (4 fl. oz.)
- Hydrating Mist (4 fl. oz.)
- Restorative Facial Oil (1 fl. oz.)
- Restorative Serum (1 fl. oz.)
- Hydrating Cream Mask (2.7 fl. oz.)
- Nourishing Eye Cream (1 fl. oz.)
- Restorative Moisture Cream (1.8 fl. oz.)

Preparation:

- If desired, use the Skin Health Analysis System to complete a thorough review of the client's skin health. From here, you can determine what products and procedures may be beneficial for their specific skin care needs.
- To help maximize the client's experience, prepare warm towels for the service using a hot towel cabinet.

Sensitive Skin Protocol Detailed Reference

Treatment time:

**45
mins**

*Times are estimated and will vary based on your guests needs.

Maintain calm skin by gently cleansing and protecting the moisture barrier. This collection contains luscious plant oils combined with the likes of green tea extract, arginine, heilmoor clay, and glycerin to appease even the most reactive complexions.

Apply approximately a nickel size amount of product to the face, neck, and décolleté and massage into the skin until fully absorbed. Add more product if needed.

Section 1. Identification

Product Name: **Hydrating Cleanser**
 Product Number: PVT132 / PVT132P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888)558 5571
 Emergency Contact:
 Recommended Use: Use am and pm. Gently massage with fingertips onto damp skin, remove with splashes of comfortably warm water.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Clear Gel
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting: None
 Procedure:
 Unusual Fire and: None
 Explosion Hazards:

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Clear Gel
Colour:	Neutral
Odor:	Mild Floral
Physical State:	Gel
pH:	5.1
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 – 1.0
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT –Single Exposure: Not expected to cause organ toxicity
 STOT –Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and: Not Available
 Degradability:
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Nourishing Cleansing Milk**
 Product Number: PVT129 / PVT129P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888)558 5571
 Emergency Contact:
 Recommended Use: Use am and pm. Gently massage with fingertips onto damp skin, remove with splashes of comfortably warm water.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: White Lotion
 Water Solubility: Dispersible
 Odor is: Neutral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Purifying Scrub Cleanser**
 Product Number: PVT128 / PVT128P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Apply generously to moist skin, massage manually with fingertips in a circular motion for 2-3 minutes, add water as necessary. Use twice a week or as directed by your skin care professional. Avoid eye area. Not for use on sensitive skin.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Gel Exfoliant
 Water Solubility: Dispersible
 Odor is: Mild Citrus
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Gel Exfoliant
Colour:	Light Green
Odor:	Mild Citrus
Physical State:	Gel plus pumice particles
pH:	5.5
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 – 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT –Single Exposure: Not expected to cause organ toxicity
 STOT –Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems. Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Refining Facial Polish**
 Product Number: PVT138 / PVT138P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888)558 5571
 Emergency Contact:
 Recommended Use: Use once or twice a week. After cleansing, apply small amount and rotate over skin with fingertips using very light pressure, taking care not to overstimulate the skin. Use caution when rinsing to avoid getting product in the eyes.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Semi Clear Gel
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container. Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes. Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Semi Clear Gel
Colour:	Neutral
Odor:	Mild Floral
Physical State:	Gel
pH:	6.7
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 – 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition Products: None
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT –Single Exposure: Not expected to cause organ toxicity
 STOT –Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems. Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Nourishing Eye Cream**
 Product Number: PVT123 / PVT123P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Morning and evening, pat gently under eye area with ring finger from outer to inner corner of eye. Allow several minutes for full absorption if applying makeup.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Off-White Cream
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Off-White Cream
Colour:	Off-White
Odor:	Mild Floral
Physical State:	Cream
pH:	6.8
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 - 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT -Single Exposure: Not expected to cause organ toxicity
 STOT -Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.

Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Nourishing Lip Balm**
 Product Number: PVT143
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Apply liberally as and when needed.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Solid Balm
 Water Solubility: Dispersible
 Odor is: Spearmint
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None

Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container. Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes. Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Solid Balm
Colour:	Light Yellow
Odor:	Spearmint
Physical State:	Solid Balm
pH:	N/A
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Non-Dispersible
Specific Gravity (range):	0.95 – 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available

CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Enzyme Brightening Mask**
 Product Number: PVT124 / PVT124P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: After cleansing and toning, apply a generous layer to the face and neck. Leave on for approx. 10-15 minutes. Remove with warm water. Finish with a moisturizer of your choice.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Thick Beige Past
 Water Solubility: Dispersible
 Odor is: Neutral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Thick Beige Paste
Colour:	Beige
Odor:	Neutral
Physical State:	Paste
pH:	7.5
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	1.10 - 1.20
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT -Single Exposure: Not expected to cause organ toxicity
 STOT -Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems. Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Hydrating Cream Mask**
 Product Number: PVT134 / PVT134P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: After cleansing and toning, apply an even layer over face and neck and relax for ten minutes. Rinse well with warm water and follow with appropriate Moisture for skin type.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Light Brown Cream
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container. Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes. Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Light Brown Cream
Colour:	Light Brown
Odor:	Mild Floral
Physical State:	Cream
pH:	76.4
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 – 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition Products: None
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT –Single Exposure: Not expected to cause organ toxicity

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems. Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Brightening C & Peptide Moisturizer**
 Product Number: PVT136 / PVT136P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Use am and pm. On cleansed skin, gently smooth onto face, neck and decollete.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Lotion
 Water Solubility: Dispersible
 Odor is: Mild Citrus
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting: None
 Procedure:
 Unusual Fire and: None
 Explosion Hazards:

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Lotion
Colour:	White
Odor:	Mild Citrus
Physical State:	Emulsion
pH:	4.9
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range)	0.95 - 1.0
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin: Not a skin sensitizer based on product testing
 Sensitization:
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT -Single Exposure: Not expected to cause organ toxicity
 STOT -Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and: Not Available
 Degradability:
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Glycolic Renewal Cream**
 Product Number: PVT131 / PVT131P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571

Emergency Contact:
 Recommended Use: At night time or as directed, cleanse thoroughly then gently smooth into face and neck. If the skin becomes dehydrated, apply a Moisturizer appropriately for your skin type, pH = 3.5

Restrictions On Use: Use only as directed. Avoid contact with the eyes. If irritation persists, discontinue use and consult a physician. It is recommended that prior to exposure to the sun, users cover areas where product has been applied with sunscreen. Contact of the product with the skin must be of limited frequency and duration.

Section 2. Hazards Identification

Emergency Overview

This product is: Off-White Lotion
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
Potential Acute Health Hazards None
Potential Chronic Health Hazards None

Section 3. Composition / Information on Ingredients

Ingredient listed on OSHA Occupational Chemical Database (Sodium Hydroxide (CAS# 1310-73-2)) is a reactant in the product and therefore neutralized.

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: Avoid contact with irritated or damaged skin. If irritation occurs, remove product, wash thoroughly with water and mild soap, then apply a soothing ointment if available.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes. Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Off White-Lotion
Colour:	Off White
Odor:	Mild Floral
Physical State:	Lotion
pH:	3.5
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	1.0 - 1.1
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition Products: None
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Avoid contact with irritated or damaged skin.
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT -Single Exposure: Not expected to cause organ toxicity
 STOT -Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems. Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Hydrating Oil Free Moisturizer**
 Product Number: PVT135 / PVT135P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Use am and pm. Apply to face and neck after cleansing and toning.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Viscous Cream
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting: None
 Procedure:
 Unusual Fire and: None
 Explosion Hazards:

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Viscous Cream
Colour:	White
Odor:	Mild Floral
Physical State:	Emulsion
pH:	5.2
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range)	0.95 – 1.0
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin: Not a skin sensitizer based on product testing
 Sensitization:
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT –Single Exposure: Not expected to cause organ toxicity
 STOT –Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and: Not Available
 Degradability:
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Hydrating Retinol Cream**
 Product Number: PVT141 / PVT141P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Use am and pm. Apply to face, neck and
 decollete after cleansing and toning.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: White Cream
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
Potential Acute Health Hazards None
Potential Chronic Health Hazards None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water
 until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation
 occurs wash thoroughly with cold water
 and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical
 attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting: None
 Procedure:
 Unusual Fire and: None
 Explosion Hazards:

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring
 at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Cream
Colour:	White
Odor:	Mild Floral
Physical State:	Emulsion
pH:	5.4
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range)	0.95 – 1.0
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None

 ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable
 sources. Prudent use and handling as part of good manufacturing practices
 is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Restorative Facial Oil**
 Product Number: PVT142 / PVT142P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Pour a few drop into the palms of your hands, rub together for a few seconds then massage gently into the face and neck.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Light Oil
 Water Solubility: Non-soluble
 Odor is: Rose
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Light Oil
Colour:	Amber
Odor:	Rose
Physical State:	Oil
pH:	8.6
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.85 - 0.95
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT -Single Exposure: Not expected to cause organ toxicity
 STOT -Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Restorative Moisture Cream**
 Product Number: PVT126 / PVT126P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Use am and pm. Apply to face, neck and
 decollete after cleansing and toning.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Viscous Cream
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water
 until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation
 occurs wash thoroughly with cold water
 and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical
 attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting: None
 Procedure:
 Unusual Fire and: None
 Explosion Hazards:

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring
 at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Viscous Cream
Colour:	White
Odor:	Mild Floral
Physical State:	Emulsion
pH:	4.5
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 – 1.0
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin: Not a skin sensitizer based on product testing
 Sensitization:
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be
 mutagenic according to OSHA

 carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT –Single Exposure: Not expected to cause organ toxicity
 STOT –Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and: Not Available
 Degradability:
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of
 non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated
 under the Federal Food, Drug, and Cosmetics Act and is safe to use as per
 directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under
 California Proposition 65. State Right-to-Know: No ingredients present in
 the finished product are listed on state right-to-know lists or state work
 exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for
 cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA
 export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the
 reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable
 ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable
 sources. Prudent use and handling as part of good manufacturing practices
 is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Brightening Serum**
 Product Number: PVT 125 / PVT125P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888)558 5571

Emergency Contact:
 Recommended Use: Apply sparingly to a cleansed skin. Massage gently over entire face and throat. Follow with a moisturizer of your choice. For a more intensive treatment: apply a thin layer all over the face, allow it to dry, and then apply a mask of choice over it.

Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Dark Clear Gel
 Water Solubility: Dispersible
 Odor is: None
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None

Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Dark Clear Gel
Colour:	Dark Brown
Odor:	None
Physical State:	Gel
pH:	6.4
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 – 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity

CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Glycolic Renewal Serum**
 Product Number: PVT130 / PVT130P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888)558 5571

Emergency Contact:
 Recommended Use: Use am and pm. Apply to dry skin. Gently massage a small amount to clean skin on the face and any other area with blemishes. Must wear sunscreen daily while using this product.
CAUTION: Use only as directed.

Restrictions On Use: Use only as directed. Avoid contact with the eyes. If irritation persists, discontinue use and consult a physician. It is recommended that prior to exposure to the sun, users cover areas where product has been applied with sunscreen. Contact of the product with the skin must be of limited frequency and duration.

Section 2. Hazards Identification

Emergency Overview

This product is: Clear Gel
 Water Solubility: Dispersible
 Odor is: Tea Tree
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
Potential Acute Health Hazards None
Potential Chronic Health Hazards None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: Avoid contact with irritated or damaged skin. If irritation occurs, remove product, wash thoroughly with water and mild soap, then apply a soothing ointment if available.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Clear Gel
Colour:	Amber
Odor:	Tea Tree
Physical State:	Gel
pH:	4.5
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range)	0.95 – 1.0
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition Products: None
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Avoid contact with irritated or damaged skin.
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT –Single Exposure: Not expected to cause organ toxicity
 STOT –Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and Degradability: Not Available
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems. Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 15 May 2019

Section 1. Identification

Product Name: **Purifying Treatment Gel**
 Product Number: M174 / M174P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Apply a thin layer of gel to problem areas. Allow to dry, then apply a suitable moisturizer.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Clear Gel
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting: None
 Procedure:
 Unusual Fire and: None
 Explosion Hazards:

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Clear Gel
Colour:	Light Brown
Odor:	Mild Floral
Physical State:	Gel
pH:	6.4
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 - 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin: Not a skin sensitizer based on product testing
 Sensitization:
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT -Single Exposure: Not expected to cause organ toxicity
 STOT -Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and: Not Available
 Degradability:
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Restorative Serum**
 Product Number: PVT127 / PVT127P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571

Emergency Contact:
 Recommended Use: Apply sparingly to a cleansed skin. Massage gently over entire face and throat. Follow with a moisturizer of choice. For a more intensive treatment: apply a thin layer all over the face, allow it to dry, and then apply a mask of choice over it.

Restrictions On Use: None.

Section 2. Hazards Identification

Emergency Overview

This product is: Clear Gel
 Water Solubility: Dispersible
 Odor is: None
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
Potential Acute Health Hazards None
Potential Chronic Health Hazards None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting Procedure: None
 Unusual Fire and Explosion Hazards: None

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Clear Gel
Colour:	Brown
Odor:	None
Physical State:	Gel
pH:	5.9
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 – 1.05
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin Sensitization: Not a skin sensitizer based on product testing
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA

Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **AHA Toner**
 Product Number: PVT135/ PVT135P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: After cleansing, saturate cotton pad with AHA Toner and apply to skin. Follow with an appropriate moisturizer.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Clear Liquid
 Water Solubility: Dispersible
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects

CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
 Date of Preparation: 14 May 2019

Section 1. Identification

Product Name: **Hydrating Mist**
 Product Number: PVT133 / PVT133P
 Distributor Name: **Universal Companies, Inc.**
 18260 Oak Park Drive
 Abingdon, VA 24210
 (888) 558 5571
 Emergency Contact:
 Recommended Use: Mist onto the skin am and pm, or as desired throughout the day. Perfect for setting makeup.
 Restrictions On Use: None

Section 2. Hazards Identification

Emergency Overview

This product is: Clear Liquid
 Water Solubility: Soluble
 Odor is: Mild Floral
 Flash Point: N/A
 Flammability: None
 OSHA Physical Hazard: None
 Potential Acute Health Hazards: None
 Potential Chronic Health Hazards: None

Section 3. Composition / Information on Ingredients

No ingredients listed on OSHA Occupational Chemical Database

Section 4. First Aid Measures

Emergency and First Aid Measures

Eyes: Irrigate thoroughly with plenty of water until discomfort is relieved.
 Skin: No evidence of adverse effects. If irritation occurs wash thoroughly with cold water and mild soap.
 Inhalation: No evidence of adverse effects
 Ingestion: If a large amount is swallowed, get medical attention

Section 5. Fire Fighting Measures

Flashpoint: N/A
 Flammability: None
 Extinguishing Media: Dry Chemical, Foam or Carbon Dioxide
 Special Fire Fighting: None
 Procedure:
 Unusual Fire and: None
 Explosion Hazards:

Section 6. Accidental Release Measures

Cover with an inert absorbent material and remove to a disposal container.
 Mop up and then wash with soapy water.
 Disposal Procedure: Dispose of as specified by local codes.
 Observe local, state and federal regulations.

Section 7. Handling & Storage

Covered storage at 15-25°C
 Avoid freezing temperatures
 Flammability: None
 Other Physical Hazards: None

Section 8. Exposure Controls / Personal Protection

Ingredients with limit values that require monitoring at the work place: None
 Personal Protective Measures:
 Respiratory Protection: None
 Ventilation Protection: None
 Eye protection: None
 Protective Gloves: None

Section 9. Physical and Chemical Properties

Parameter	Value
Appearance:	Clear Liquid
Colour:	Neutral
Odor:	Mild Floral
Physical State:	Liquid
pH:	5.1
Boiling Point:	> 100C
Vapor Density:	Not applicable
Solubility in Water:	Dispersible
Specific Gravity (range):	0.95 - 1.0
% VOC	Complies with Federal and State regulations

Section 10. Stability and Reactivity

Stability: Stable
 Incompatibility: None
 Hazardous Decomposition: None
 Products:
 Hazardous polymerization: Will Not Occur

Section 11. Toxicological Information

Eye Irritation: Mild eye irritant
 Skin Corrosion/Irritation: Not a skin irritant based on product testing
 Respiratory or Skin: Not a skin sensitizer based on product testing
 Sensitization:
 Acute toxicity: Not Available
 Germ Cell Mutagenicity: Does not contain any ingredients known to be mutagenic according to OSHA
 Carcinogenicity: Does not contain any ingredients known to be carcinogenic according to OSHA
 Reproductive toxicity: Not expected to cause reproductive toxicity
 STOT -Single Exposure: Not expected to cause organ toxicity
 STOT -Repeat Exposure: Not expected to cause organ toxicity
 Aspiration Hazard: Not an aspiration hazard

Section 12. Ecological Information

Aquatic Toxicity: Not expected to cause aquatic toxicity
 Persistence and: Not Available
 Degradability:
 Bioaccumulative Potential: Not Available
 Mobility in Soil: Not Available
 Other Adverse Effects: Not expected to cause adverse effects.

Section 13. Disposal Considerations

Consult applicable Local and State Regulations for disposal of non-hazardous liquids or solids. Do not dispose down sewer systems.
 Disposal in a properly regulated landfill is acceptable.

Section 14. Transport Information

Ground (DOT): Not hazardous for transport.
 Vessel (IMDG): Not hazardous for transport.
 Air (IATA): Not hazardous for transport.

Section 15. Regulatory Information

US Federal: The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
US States: CA Prop 65: This product is not subject to warning labeling under California Proposition 65. State Right-to-Know: No ingredients present in the finished product are listed on state right-to-know lists or state work exposure lists.
Toxic Substances Control Act (TSCA) Inventory Status: This material is for cosmetic use.
TSCA Export Notification Rules: This product does not contain any TSCA export notifiable ingredients.
Sara Title III Section 313: This product contains no chemicals subject to the reporting requirement of section 313 of SARA.
CERCLA 302.4 Hazardous Substances: Contains no CERCLA reportable ingredients.

Section 16. Other Information

These safety guidelines are based on information obtained from reliable sources. Prudent use and handling as part of good manufacturing practices is advised.
