

QUICKSTART GUIDE

REJUVENATE® Wipes

Where to Use Rejuvenate™ Wipes

Rejuvenate™ Wipes are easy to use, fast and convenient. Disinfect in as little as 1 minute! Odorless and non-irritating to eyes and skin.

Perfect for use on:

- Hard Non-Porous Surfaces and Equipment
- Workstations
- Chairs and Stools
- Massage Beds and Cradles
- Skin and Body Equipment
- Countertops
- Magnifying Lamps
- Massage Cups and Stones

Contact Times		
1 Minute Bacteria & Viruses	5 Minutes Mycobacteria (Tuberculocidal)	10 Minutes Fungi
Surface should be visibly wet for entire contact time.		

How to Use Rejuvenate™ Wipes

Disinfection should take place after each and every client service or treatment to prevent the spread of germs.

STEP ONE

Thoroughly wet surface with Rejuvenate™ Wipes

Remove any visible dirt or debris from surface or equipment prior to wiping.

1:00

STEP TWO

Allow surface to remain visibly wet for at least 1 minute

Allowing surfaces to remain wet for 1 minute kills viruses and bacteria. Refer to table above for additional contact times.

AIR DRY

STEP THREE

Leave to air dry

If desired, for a streak free finish, use a damp, clean cloth after the contact time is met.

Success & Troubleshooting Tips

Close the Lid.

Rejuvenate™ Wipes have a shelf life of 3 years. Make the most of that time by remembering to close the lid of the canister after each time you pull a towelette.

Wipe and Walk Away.

Always follow the required contact time when disinfecting a surface for a particular pathogen. Best practice is to simply apply the product and walk away, allowing to air dry.
